SIRI is obliged to inform you how we process your data and to inform you of your rights in regard to how we process your data.

#### Data controller

SIRI is the data controller and responsible for processing the personal data given in this application form and the data provided about you during the processing of the case. You can contact the agency through our contact form on [newtodenmark.dk/SIRI-contactform](http://newtodenmark.dk/SIRI-contactform).

#### Data protection officer

You can contact our data protection officer by using our contact form at [newtodenmark.dk/SIRI-contactform](http://newtodenmark.dk/SIRI-contactform). You can read more about SIRI as data controller and about SIRI's data protection officer on [newtodenmark.dk/personaldata](http://newtodenmark.dk/personaldata).

#### Purpose and legal basis

The personal data you give to SIRI is collected and used:

- to process your application for residence and/or work in Denmark
- in any later applications for extension or for a new residence and/or work permit in Denmark
- for verification and spot-checks of the conditions for your residence and/or work

The legal basis for processing your personal data is:

- The Danish Aliens Act, in particular chapter 1 on the entry and residence of aliens in Denmark.
- The General Data Protection Regulation (GDPR), article 6.1 (c) (relating to the processing of data in order to comply with the legal obligation to which the controller is subject) and 6.1 (e) (relating to the exercise of official authority vested in the Danish Agency for International Recruitment and Integration by the Aliens Act).
- The General Data Protection Regulation (GDPR), article 9.2 (f) (relating to the necessity of processing in order to establish, exercise or defend legal claims).
- The Danish Data Protection Act section 8 (relating to the official authority only being allowed to process information about criminal offences if it is necessary for tasks of that official authority).

The information you give or have given in connection with your application will be registered in the registers of Danish immigration authorities. The same holds true for any information you later give in connection with an application to extend your residence permit or for a new residence and/or work permit in Denmark.

Some of your data will be registered in the Civil Registration System (CPR). This will in some instances happen immediately when you are granted a permit. In other situations the registration will take place only when you take up residence in Denmark.

Some data, including biometric data, will be registered in the Schengen Information System (SIS) under certain circumstances. This applies if you have been given a time limit for departure in relation to your application or your residence in Denmark. It also applies if you have been banned from the Schengen area.

#### **We process the following categories of data about you:**

- General personal data, such as: information about your name, possible civil registration number (CPR-number), citizenship, occupation, education, marital status, financial information and whether you have committed any legally punishable offences and
- Sensitive personal data, such as: health information and biometric data collected for the purpose of establishing your identity.

#### **We can pass on your data to the following recipients**

SIRI can pass on your data to your sponsor (e.g. your employer, place of study, host or family member), municipal authorities, the police, the Danish Security and Intelligence Service and the Danish Defence Intelligence Service, the public prosecutor, the Immigration Appeals Board, the Refugee Appeals Board, the Ministry of Immigration and Integration, the Danish Return Agency, the Danish immigration Service, the Danish Agency for Labour Market and Recruitment, the Ministry of Foreign Affairs of Denmark and The Danish Parliament.

In isolated cases, SIRI also passes on your data to other public authorities, private sector organizations and foreign organizations and authorities when it is necessary to exercise our official authority.

Personal data will be shared with the relevant authorities in the other Schengen states, when SIRI is legally obliged to do so. These authorities will have access to the information registered in SIS by SIRI when it is relevant to their case processing.

Furthermore, data from SIRI's registers and the CPR register are shared with other relevant authorities or organisations via the Aliens Information Portal (Udlændingefoermlingsportalen) if they need the data in order to process aspects of your stay in Denmark.

SIRI shares data when it is necessary in order to exercise our official authority, including when we are legally obliged to share information.

If you lose your residence permit, we will inform your current or previous employers, if any, that you no longer have the right to work. This will happen, if we issue a refusal to an application for a residence permit or to an extension of a residence permit. It will also happen if we revoke your residence permit or if we establish that your residence permit has lapsed. Employers who within the last three months have reported salary payments to you to the income register will be informed.

#### **What is the origin of the data we process about you?**

The personal data that SIRI processes about you have been provided by you in this application form. We will also process data you may submit to your case later.

In addition, we will process data obtained from:

- any of your previous applications submitted to SIRI,
- searches in databases, such as: the Civil Registration System (CPR), the Income Register (eIncome), the Building and Housing Registry (BBR), the Schengen Information System (SIS)
- other authorities, such as: municipal authorities, the Regional State Administration, the Danish Immigration Service, the Immigration Appeals Board and the Refugee Appeals Board,
- third-parties or sponsors, such as: your au pair- or internship host, employer or educational institutions

**Storage of data**

SIRI will store your personal data for as long as it is necessary in order to be able to carry out our tasks in relation to establishing or defending a legal claim to residence.

Data submitted as part of an immigration related matter can be stored for use by the immigration authorities at a later date. This means that the data can enter into the decision making process regarding future applications for extension of a residence permit, when revoking a residence permit, for verification and spot checks, when deciding whether a permit has lapsed, in relation to applications for permanent residency and for naturalization and in cases concerning any family members. In practice this means that SIRI will store your data for the period of your 'lifecycle' – i.e. your entire life. Basic data regarding your stay in Denmark, e.g. when and why you have been granted a residence permit and information on other decisions made by SIRI regarding your residence in Denmark will not be erased.

If you have your finger prints and facial photo taken for use with your residence card and for identification and identity control, your fingerprints and photo will be stored in the immigration authorities' database. If you are granted a residence permit, your fingerprints and photo will be stored for 10 years. If you are not granted a residence permit, your fingerprints and photo will be stored for 20 years. If you are granted Danish citizenship, your fingerprints and photo will be deleted.

Personal data registered in the Schengen Information System (SIS) in relation to a deadline for departure are normally stored in SIS until your exit from the Schengen area is registered. If the data are registered in relation to an entry ban to the Schengen area, these data will, as a rule, be stored until the entry ban has expired.

Finally, it must be mentioned that data will be transferred to the Danish National Archives in accordance with the Danish Archives Act.

**Your rights**

*The right to restriction of processing*

In some situations, you have the right to restrict the processing of your personal data. Where processing has been restricted, SIRI may thereafter, with the exception of storage, only process your data with your consent unless the purpose of the processing is to establish or defend a legal claim, to protect another person or for reasons of important public interest.

In some situations, you have the right to object to otherwise legal processing of your personal data. This means that you can request that your data is erased, corrected or restricted.
