Salary up to and including the minimum amount must continue to be paid to a Danish bank account

Your salary up to and including the minimum amount can only consist of your basic salary, payments to labour market pension schemes (both the part paid by employer and the part paid by you as the employee) and paid holiday allowance.

Salary above the pay limit amount can be paid in another way or in a different country and can consist of other salary components.

Below the employer must declare that salary up to and including the minimum amount will continue to be paid to a Danish bank account.
