Name:

First and foremost, the purpose of this statement is to ensure that your decision to take up residence in and get integrated into Denmark is based on a solid foundation. The statement must be signed by everyone who wants to resettle in Denmark.

I have received the following information concerning the standards in Denmark:

1. In Denmark, it is important that you have a job in order for you to support yourself and your family. Both men and women work outside their homes.
2. It is crucial that everyone - both men and women - learn the Danish language, since it is the key to a good and active participation in the Danish society.
3. It is important to learn about, to understand, and to respect the fundamental values and rules of the Danish society.
4. I am obligated to participate in a self-sufficiency and repatriation programme which will help me to support myself and my family, to learn the Danish language, and to actively participate in the Danish society as quickly as possible.
5. In Denmark, the access to family reunification is restricted, and, therefore, I am aware that it is not always possible for me to bring my family to Denmark. (The Danish rules regarding family reunification are included in an annex attached to this statement.)
6. The conditions for my stay in Denmark are defined by my grounds for staying, which for some groups in general will be of a temporary nature.
7. Generally, as a refugee the right to be granted a residence permit ceases to exist, when the situation in the country of origin has changed in such a way that the need for protection no longer exists, and it is possible to return home.

Based on the information provided, I want to resettle in Denmark, and I hereby make the following statement should I be offered resettlement in Denmark:

1. I will comply with Danish law in every way, and I will respect the Danish principles of democracy.
2. Through employment, I will work to be self-sufficient as quickly as possible.
3. I will actively work towards learning the Danish language.
4. I will work to acquire knowledge and understanding of the fundamental values and rules of the Danish Society.
5. I will actively participate in the community life.
6. I will actively participate in the self-sufficiency and repatriation programme, which I am being offered.
7. I will actively work on integrating my family into the Danish society.
