GL/FA2\_en\_230224

## Application for family reunification (children)

### Contents

This application packet contains two forms:

- Form 1 – *Application for a residence permit in Greenland for a child (family reunification)*
- Form 2 – Information form to be completed by the child's parent (the person the child is to live with) in Greenland

Both forms are to be submitted when applying for family reunification. The term "family reunification" should be understood to mean: a residence permit in Greenland for a foreign child (the applicant), who:

- has one or both parents living in Greenland
- is to be taken into foster care in Greenland *or*
- has adult siblings, grandparents or other close relations living in Greenland

### Who uses which form?

When applying for a residence permit for a child (family reunification), Forms 1 and 2 must be submitted.

Note: Form 2 does *not* need to be submitted if one of the child's parents is also applying for family reunification in order to live with a spouse who is not the child's biological parent. In such cases, the child will only be granted residence if the parent is granted a residence permit.

**Form 1** is used when applying for a residence permit for a child. The child or the child's guardian should:

- Fill out Form 1.
- Submit Form 1, together with any required documentation to a Danish embassy/consulate or to the police in Greenland. A list of police stations is available at [politi.dk](http://politi.dk). If the applicant is in Denmark, the application can be submitted to the Immigration Service's Citizen Service.

**Form 2** is to be used by the parent, foster parent or close relative who has the right to live in Greenland that the child is to live with.

Instructions:

- Fill out Form 2.
- Submit Form 2 and any required documentation to the Danish Immigration Service. If the applicant (the child) is currently in Greenland, both forms should be submitted together.

If the parent with the right to live in Greenland is also the child's guardian, he/she may fill out Forms 1 and 2.

Further instructions about how to fill out the two forms are given on the first page of each form. A checklist is printed on the back page of each form that can be used to make sure they have been filled out completely and properly.

### When can the application be submitted in Greenland?

If the applicant is already in Greenland legally, the application can normally be submitted in Greenland. In order to be in Greenland legally, the applicant must:

- hold a valid visa *or*
- be exempt from visa requirements

## About Sections 1-5

When a child is applying for family reunification, the parent the child is to live with can be required to attest to his/her ability and intention to support the child (the applicant) financially. The parent can also be required to prove that his/her residence meets the housing requirement. Sections 2 and 3 describe these requirements in further detail. They will also indicate whether you may be exempt from the requirements. Even though you may not belong to the group that is exempt from the requirements, the Danish Immigration Service can, in certain instances, choose to waive them.

The following sections ask questions about you and the child/children seeking residence in Greenland. The questions are asked in order to determine whether a waiver from the financial support and housing requirements can be granted. The Danish Immigration Service can waive the requirements if:

- you have custody of a child under 18 who lives in Greenland or you have visitation rights. It is a requirement, however, that visitation occurs and that it meets minimum requirements or
- the child (the applicant) has/had a serious illness or handicap

Determining whether you are exempt from the normal requirements for family reunification can be difficult. If you choose not to complete Sections 1-5 and it is later determined that you, in fact, are not exempt from the requirements, it will be necessary for the Danish Immigration Service to obtain additional information, increasing the amount of time it will take to process your application.

The Danish Immigration Service therefore encourages you to – under all circumstances – to complete all sections ensuring a faster reply.

Special rules apply if the child is applying for residence in order to live with an adoptive family member, a foster family or a close relation. If you are closely related and you have been pre-approved to adopt the child, fill out only Sections 2 and 3, and then skip to Section 6.

## 1. Information about the children seeking residence in Greenland

**PLEASE COMPLETE IN CAPITAL LETTERS**

You do **not** need to complete Section 1 if you are a close relative **and** you are pre-approved to adopt the child.

If you are divorced/separated from your child's other parent, you must include proof that you have custody (copies, with approved translations into Danish or English, if necessary). Acceptable documentation includes: a court decision or other document relating to your divorce/separation. Note: A letter from the other parent consenting to allow the child to move to Greenland to live with you is **not** sufficient documentation of custody.

If you are to care for the child as a foster parent, are a parent who does not have custody or are a close relative to the child other than a parent, you are not required to submit proof of custody.

**A.** If more than four children are applying for residence, please copy Section 1 in its entirety, or fill in the answers for the additional children on the back of this form.

## 2. Information about financial support

PLEASE COMPLETE IN CAPITAL LETTERS

### Family reunification (biological children)

If you:

- are a Danish citizen
- are a citizen of Finland, Iceland Norway or Sweden *or*
- have been granted residence according to the terms of Sections 7 and 8 of the Ordinance

**and** the child applying for residence is your biological child,

you will **not** be required to meet the financial support requirement.

If you:

- are **not** a citizen of Finland, Iceland Norway or Sweden *or*
- have **not** been granted residence according to the terms of Sections 7 and 8 of the Ordinance

**and** the child applying for residence is your biological child,

you could be required to meet the financial support requirement. This could be the case if you have had limited contact with your child for an extended period.

If the Danish Immigration Service requires you to meet the financial support requirement, you will be asked to document that you can support the applicant. Acceptable documentation includes: copies of pay statements from the current year/past 12 months and a copy of your tax return. Once the documentation has been received, the Danish Immigration Service will request a statement from the Greenlandic authorities.

### Family reunification (closely related children, etc)

If the child applying for residence permit in Greenland:

- is a close relative **and** will live with you according to the terms of a **pre-approved family adoption**
- will be in your care according to a **recommended care arrangement**

Use Attachment 1 at the back of this form to declare that you **assume responsibility** for supporting the child. Sign the declaration and submit it together with the application. Once the application has been received, the Danish Immigration Service will request the Greenlandic authorities to attest to your ability to support the child financially.

## 3. Housing

PLEASE COMPLETE IN CAPITAL LETTERS

### Family reunification (biological children)

If you are one of the child's parents and have custody of the child, then the requirement that you have a reasonably sized residence will normally not apply. However, if there has been limited personal contact between you and your child or if there are other complicating circumstances, the Danish Immigration Service may choose to require that you have a reasonably sized residence. If the requirement is enforced, you will be asked to submit documentation in the form of a lease, deed or final sales agreement. Once the documentation has been received, the Danish Immigration Service will request the Greenlandic authorities to attest to their correctness.

## 6. Comments

PLEASE COMPLETE IN CAPITAL LETTERS

Please use the space below to add any additional information you feel the Danish Immigration Service should be aware of when processing your application.

## 7. DNA and age testing

The Danish Immigration Service may require you and your child to take a DNA test if – as part of the overall evaluation of the application – doubt arises over the truthfulness of your claim to be related to the child.

During a DNA test a blood sample is taken from you and your child. A forensic analysis of the two samples will be conducted at the Forensic Science Institute (Retsmedicinsk Institut) in Copenhagen. The results of the test will show if and how you are related.

If doubt arises over your child’s correct age, the Danish Immigration Service can order an age test to be conducted. The age test consists of an X-ray of your child’s carpal bones, a dental examination (including X-ray) and a medical examination.

Not every application requires DNA and age testing, but, should the need arise your consent below will help expedite your child’s application.

### Agreement to participate in DNA and age testing

When processing applications for family reunification, the Danish Immigration Service can request a DNA test, cf. Sec. 40 c of the ordinance, and/or an age test.

Please indicate by marking an X next to the appropriate statement whether you are willing to allow the Danish Immigration Service to undertake DNA and/or age testing as part of your family’s application for a residence permit.

(Tick only one)

I am willing to allow DNA and/or age testing to be carried out as part of the application for family reunification in Greenland. (I understand that a DNA test requires that blood samples must be taken.) The test will be requested and used by the Danish Immigration Service when processing your application for a residence permit in Greenland.

Furthermore, I understand that it may be necessary for the immigration authorities to take a photograph of my child in order to confirm his/her identity. I also understand that the results of the above-mentioned tests will be used as part of the Danish Immigration Service’s evaluation of my family’s application.

I am aware that if the DNA and/or age testing reveals that the information I have given about my relationship to or the age of the people in question is incorrect, the matter can be turned over to the police and I could be forced to repay the costs of the test(s).

I am **not** willing to participate or to allow the applicant(s) to participate in DNA and/or age testing.
