The Minister for Immigration and Integration may in this connection derogate from the provisions of this Act to the extent provided for by the EU rules.

(5) The Minister for Immigration and Integration may lay down more detailed rules providing that subsections (1)–(3) and the provisions laid down according to subsection (4) with the requisite amendments must also be applied in relation to a third country which has concluded a treaty or equivalent arrangement on visa exemption and on the abolition of entry and residence restrictions with the European Union or its Member States.

The mentioned stay of 90 days will be reduced by the period within the 180 days during which the alien has stayed in Denmark or a Schengen State other than that which issued the residence permit. If the alien has a residence permit for another Nordic country, the period of time during which the alien has stayed in other Nordic countries will not be deducted.

(2) Aliens who hold a visa that is valid for all Schengen States have the right to enter and stay in Denmark within the period of validity of the visa. The duration of an unbroken stay or the total duration of several consecutive stays in Denmark may not exceed 90 days within a period of 180 days, where the 180-day period preceding each day of residence will be taken into consideration. The mentioned 90 days of stay will be reduced by the period within the 180 days during which the alien has stayed in another Schengen State. If the alien has stayed in Denmark or another Schengen State and holds a residence permit or a visa for a stay of more than 90 days' duration valid only for that Schengen State (a long-stay visa), such period of time will not be deducted, however.

(3) Aliens who hold a visa for residence of more than 90 days' duration valid only for another Schengen State (a long-stay visa) may, under Article 21 of the Schengen Convention, enter and stay in Denmark for a maximum of 90 days within a period of 180 days, where the period of 180 days preceding each day of residence will be taken into consideration. If the alien has stayed in Denmark or another Schengen State holding a residence permit or a visa for a stay of more than 90 days and valid only for that Schengen State (a long-stay visa), such period of time will not be deducted.

(2) Notwithstanding subsection (1), an alien who is a national of a country with which Denmark has concluded a bilateral visa exemption agreement before the Schengen Convention entered into force has the right to enter and stay in Denmark in accordance with the provisions of such an agreement.

(3) For nationals of third countries with which the European Union has entered into agreements on exemption from visa requirements, subsection (1) will only apply to the extent it is compatible with these agreements.

3a. Notwithstanding the provisions of sections 1 – 3, aliens who are subject to a ban on re-entry, see section 32, must obtain a visa according to section 4 or 4a to enter and stay in Denmark. The same applies to aliens who do not fall within sections 1 – 3. The aliens mentioned in the first and second sentences above may not stay in Denmark beyond the period specified in the visa issued.

4.-(1) Visas must be issued according to the relevant provisions of the Visa Code to be valid for entry into and stay in all Schengen States. The duration of an unbroken stay or the total duration of several consecutive stays in Denmark and any other Schengen State may not exceed 90 days within a period of 180 days, where the 180-day period preceding each day of stay will be taken into consideration, but see subsection (2).

(2) A stay in Denmark or in another Schengen State by an alien holding a residence permit or a visa for a stay of more than 90 days and valid only for that Schengen State (a long-stay visa), will not be included in the calculation of the 90 days' stay referred to in subsection (1).

4c.-(1) An alien may not be issued with a visa under section 4(1) for a period of five years if, after entry, the alien stays in Denmark or in another Schengen State without the requisite permit beyond the period of validity of the visa. The period is three years if the stay lasts for up to one month beyond the period stated.

(2) Subsection (1) does not apply if the alien proves that the stay in excess of the period stated in the visa issued was due to circumstances which cannot be blamed on the alien, or if exceptional reasons are involved, for instance if denial of the alien's possibilities of obtaining a visa will constitute a flagrantly disproportionate reaction relative to the alien's failure to observe the period of validity of the visa issued.

(3) An alien may not obtain a visa under section 4(1) for a period of five years if, after entry, the alien -

- 1) Is expelled under the rules set out in Part 4;

- 9) considerations of a humanitarian nature make it conclusively inappropriate.

(5) Subsection (4) does not apply if there are definite reasons to assume that the decisive purpose of the application is to extend the stay in Denmark while it is manifest that the application cannot lead to the granting of a residence permit.

(6) Subsection (3) para. 2) does not apply if the alien has submitted an application for a residence permit under section 7 in Denmark and cooperates in obtaining information for his case, see section 40(1), the first and second sentences, and, upon refusal or waiver of the application, departs from Denmark at his own initiative or assists in his departure without undue delay.

4d.-(1) The Immigration Service may grant advance approval to an enterprise in Denmark with a view to receiving business visits by persons from countries from which they are subject to visa requirements.

(2) The Immigration Service must make the decision of withdrawing an advance approval granted according to subsection (1), if the approval was obtained by fraud or the conditions for the approval are no longer met. The Immigration Service may also decide to revoke any advance approval granted under subsection (1) if the conditions for the approval are not complied with.

(3) A Danish diplomatic or consular representation abroad which has powers to make decisions concerning visa applications under section 47(2) may accredit an enterprise abroad for the purpose of granting aliens who have a permanent association with the enterprise and must have a visa the possibility of carrying through business visits to Denmark.

(4) A Danish diplomatic or consular representation abroad that has accredited an enterprise abroad under subsection (3) above must make the decision of withdrawing the accreditation in case it has been obtained by fraud or the conditions for the accreditation have ceased to exist. The Danish diplomatic or consular representation abroad may furthermore make the decision of withdrawing an accreditation granted under subsection (3) in case the conditions for the accreditation are not met.

4e.-(1) A decision made by a Danish diplomatic or consular representation under section 47(2) below to refuse an application for a visa or to cancel or withdraw a visa that has already been granted may as set out in subsection (3) be notified to the applicant solely by means of a standard form for the information about and reasons for a refusal or cancellation or withdrawal of the visa. The decision must be drawn up in accordance with the rules of the Visa Code.

(2) Subsection (1) does not apply if the alien is subject to the rules referred to in section 2(4) (the EU rules).

(3) The Minister for Immigration and Integration may lay down rules on the types of decision that fall within subsection (1).

7.-(1) A residence permit will be granted to an alien upon application for the purpose of a temporary stay if the alien is covered by the provisions of the Convention Relating to the Status of Refugees of 28 July 1951.

(2) A residence permit will be granted to an alien upon application for the purpose of a temporary stay if the alien risks the death penalty or being subjected to torture or inhuman or degrading treatment or punishment if returning to his country of origin. An application as mentioned in the first sentence above will also be considered an application for a residence permit for the purpose of a temporary stay according to subsection (1).

(3) In cases comprised by subsection (2) where the risk of a death penalty or being subjected to torture or inhuman or degrading treatment or punishment originates from a particularly grave situation in the alien's country of origin characterised by random violence and assaults on civilians, a residence permit will be granted upon application for the purpose of a temporary stay. An application as referred to in the first sentence will also be considered an application for a residence permit under subsections (1) and (2) above.

(4) A residence permit under subsections (1) – (3) may be refused if the alien has already obtained protection in another country or has close ties with another country in which the alien must be assumed to be able to obtain protection. A decision according to the first sentence may be made irrespective of whether the alien is covered by subsections (1) – (3).

8.-(1) A residence permit will be granted upon application for the purpose of temporary residence to aliens who arrive in Denmark under an agreement made with the United Nations High Commissioner for Refugees or a similar international agreement, and who are comprised by the provisions of the Convention Relating to the Status of Refugees of 28 July 1951 and section 7(1) of this Act.

(2) In addition to the cases referred to in subsection (1), a residence permit will be granted upon application for the purpose of temporary residence to aliens who arrive in Denmark under an agreement as mentioned in subsection (1) and risk the death penalty or being subjected to torture or other inhuman or degrading treatment or punishment if they return to their country of origin, see section 7(2).

(3) In addition to the cases referred to in subsections (1) and (2), a residence permit will be granted upon application to aliens arriving in Denmark under an agreement as mentioned in subsection (1) where it may be assumed that they would have satisfied the basic conditions for obtaining a residence permit under one of the provisions of the Aliens Act if they had entered Denmark as asylum seekers.

(4) In the selection of aliens to be granted a residence permit under subsections (1)–(3), weight should be attached, unless special reasons otherwise require, to the aliens’ possibilities of growing roots in Denmark and benefiting from the residence permit, including their language qualifications, education and training, work experience, family situation, network, age and motivation. However, weight should moreover be attached to considerations of general public health, unless fully exceptional reasons otherwise require.

(5) A residence permit under subsections (1)–(3) must, unless special reasons otherwise require, be made conditional upon the alien’s cooperation in a special health examination and consent to disclosure of the health information to the Immigration Service and the council of the local authority to which the alien is allocated and signing of a declaration concerning the conditions for resettlement in Denmark.

(6) The Minister for Immigration and Integration will determine the number and general distribution of the aliens to be granted a residence permit under subsections (1)–(3).

9.-(1) A residence permit may be granted upon application to –

(3) A residence permit for a cohabitant under subsection (1) para. 1) must be conditional upon the requirement that the person living in Denmark undertakes to maintain the applicant. If highly exceptional reasons make it appropriate, a residence permit under subsection (1) paras. 1)– 3) may depend on the requirement that the person living in Denmark proves that he can maintain the applicant.

(4) A residence permit under subsection (1) para. 1) must, unless exceptional reasons decisively require otherwise, including the regard for family unity, be conditional upon the requirement that the person living in Denmark, who is responsible for the applicant's maintenance, provides financial security of DKK 100,000 through a period of ten years to cover any future public expenses for assistance granted to the applicant under the Act on Active Social Policy or the Integration Act, see subsection (27). The Minister for Immigration and Integration lays down detailed rules on the financial security. The amount stipulated is at the level of 2018 and will be adjusted once a year as of 2019 on 1 January by the benefit adjustment rate, see the Act on a Rate for Adjustment of Public Benefits.

(5) A residence permit under subsection (1) para. 1) must, unless exceptional reasons decisively require otherwise, including the regard for family unity, be conditional upon the requirement that the person living in Denmark has not received any assistance under the Act on Active Social Policy or the Integration Act for three years before the decision on the residence permit. A residence permit under subsection (1) para. 1) must, unless exceptional reasons decisively require otherwise, including the regard for family unity, be conditional upon the requirement that the applicant and the person living in Denmark do not receive any assistance under the Act on Active Social Policy or the Integration Act during the period until the applicant is granted a permanent residence permit. However, the first and second sentences above do not comprise assistance in the form of single benefits of small amounts not related directly to maintenance, or benefits that are comparable with wages, salaries or pension payments or replace such income.

(6) A residence permit under subsection (1) para. 1) must, unless exceptional reasons require otherwise, including the regard for family unity, be conditional upon the requirement that -

- 1) The person living in Denmark proves that he has the disposal of a separate dwelling of a reasonable size, see subsection (31);
- 2) The dwelling is not located in a housing compound that at the time of application is subject to the current Executive Order on the list of housing requirements for spousal reunification, see subsection (7), the second sentence, and
- 3) In the course of the time until the applicant is granted a permanent residence permit, the applicant and the person living in Denmark do not move to a dwelling located in a

housing compound subject to the current Executive Order on the list of housing requirements for spousal reunification, see subsection (7), the second sentence.

(7) The Minister for Immigration and Integration lays down rules on a list of housing requirements for spousal reunification, including the criteria for entering a housing compound on the list. The Minister for Immigration and Integration will determine every year by an Executive Order the housing compounds that satisfy the criteria for entry on the list of housing requirements for spousal reunification. In 2018 and 2019, the Minister for Immigration and Integration may however issue an Executive Order according to the second sentence two times a year.

(8) A residence permit under subsection (1) para. 1) may only be granted, unless exceptional reasons, including the regard for family unity, otherwise require, if the person living in Denmark has passed the Danish 3 language test, see section 9(1) of the Act on Danish Language Education for Adult Aliens and Others or a Danish language test at a similar or higher level and the spouses or cohabitants satisfy at least three of the following conditions:

- 1) The person living in Denmark has been in regular full-time employment or carried out activity as a self-employed trader in this country for at least five years prior to the application for residence permit;

(10) A residence permit under subsection 1 para. 1) may only be granted, unless exceptional reasons, including the regard for family unity, require otherwise, if the applicant has had at least one lawful stay in Denmark under sections 1 – 4b or section 5(2) in accordance with the EU rules, see section 6, or in accordance with a residence permit under sections 7 – 9f, 9i – 9n, 9p or 9q.

(11) A residence permit under subsection 1 para. 1) may not be granted, unless exceptional reasons decisively make it appropriate, including the regard for family unity, if it must be considered doubtful whether the marriage was contracted or cohabitation established according to the wishes of both parties. Where the marriage has been contracted

or the cohabitation established between persons who are closely related or otherwise quite closely related it must be considered doubtful, unless special reasons, including the regard for family unity, otherwise require, whether the marriage was contracted or the cohabitation established according to the wishes of both parties.

(12) A residence permit under subsection (1) para. 1) may not be granted if there are certain reasons to assume that the decisive objective of the contraction of the marriage or the establishment of cohabitation is to obtain a residence permit.

(13) A residence permit under subsection (1) para. 1) may not be granted, unless exceptional reasons, including the regard for family unity, make it appropriate, if within a period of ten years prior to the date of the decision, by a final judgment for one or more offences committed against a spouse or cohabitant the person living in Denmark has been sentenced to a suspended or unsuspended custodial sentence or other criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this nature, for violation of section 213, section 216(1), section 225 read with section 216(1), section 233(1) and (2), section 233a, section 237, sections 244 – 246, sections 250, 260, 261, 262a or 266 of the Criminal Code.

(14) A residence permit may not be granted under subsection (1) para. 1) if the application for such a permit has been submitted simultaneously with an application from the applicant's child for a residence permit under subsection (1) para. 2) which is refused under subsection (23). This does not apply, however, if the applicant's child may be referred to taking up residence with close family in its country of origin and the regard for the best interests of the child does not otherwise require, or if exceptional reasons will otherwise require, including the regard for family unity.

(15) A residence permit under subsection (1) para. 1)(e) may only be granted, unless exceptional reasons, including the regard for family unity, otherwise require, in case the person living in Denmark -

- 1) has not been sentenced to an unsuspended sentence of at least six months of imprisonment or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this duration;
- 2) has not been sentenced to an unsuspended sentence of at least 60 days of imprisonment for violation of Part 12 or 13 or sections 210, 216 and 222 – 224, section 225 read with section 216 or sections 244 – 246 of the Criminal Code;
- 3) has no overdue debt to any public authority unless the time for repayment of the debt has been extended and the debt does not exceed DKK 100,000;
- 4) has not received any public assistance under the Act on Active Social Policy or the Integration Act for the last four years prior to the date of the application for a residence permit other than assistance in the form of single benefits of moderate amounts not directly related to maintenance, or benefits that are comparable to wages, salaries or pension payments or replace such income;
- 5) has signed a residence and self-support declaration, see section 19(1) the third sentence, of the Integration Act, or in other ways indicated acceptance of the contents above;

- 6) has passed the Danish 1 test, see section 9(1) of the Act on Danish Language Education for Adult Aliens and Others, or a Danish language test at a corresponding or higher level;
- 7) has been in ordinary full-time employment or carried on activity as a self-employed trader for at least three years and six months within the past four years prior to the application for residence permit and
- 8) may continue to be assumed to participate in the labour market on the date when a residence permit may be granted.

(16) A residence permit under subsection (1) para. 1)(e) may only be granted, unless exceptional reasons, including the regard for family unity, otherwise require, if the person living in Denmark fulfils at least one of the following requirements -

- 1) The person living in Denmark has passed a civic qualification test as referred to in section 41b of the Integration Act or displayed active community commitment in this country through at least one year's participation on committees, in organisations, etc.;
- 2) The person living in Denmark has been in ordinary full-time employment or carried on activity as a self-employed trader for at least four years within the past four years and six months prior to the granting of a residence permit;
- 3) The person living in Denmark has had a yearly average taxable income of DKK 280,908 the past two years prior to the date when it will be possible to grant a residence permit. The amount is stated at 2018 level and will be adjusted once every year as from the beginning of 2019 as of 1 January according to the benefit adjustment rate, see the Act on a Rate for Adjustment of Public Benefits.

(17) If the person living in Denmark has been granted a permanent residence permit under section 11(3) and (4) or under section 11(12) and (13) or (17), the requirements of subsection (15) paras. 1) – 8) and subsection (16) are considered to be fulfilled.

(18) If the person living in Denmark has reached the age of old-age pension or been granted an anticipatory pension, the conditions of subsection (15) paras. 7) and 8) and subsection (16) paras. 2) and 3) are considered fulfilled. If a person living in Denmark over the age of 18 has been granted a permanent residence permit on the basis of strong ties with Denmark, the conditions of subsection (15) paras. 7) and 8) and subsection (16) paras. 2) and 3) are considered fulfilled on such terms as those on which the person living in Denmark could be granted a permanent residence permit under section 11(13).

(19) A residence permit under subsection (1) para. 2) may, if substantial considerations make it appropriate, be conditional upon the requirement that the person living in Denmark does not receive any assistance under the Act on Active Social Policy or the Integration Act during the period until the applicant is granted a permanent residence permit. However, the first sentence above does not comprise assistance in the form of single benefits of moderate amounts not directly related to maintenance or benefits that are comparable to wages, salary or pension payments or replace such income. If substantial considerations make it appropriate, it may be made a further condition for a residence permit under subsection (1) para. 2) that the person living in Denmark proves that he has the disposal of a separate dwelling of a reasonable size, see subsection (31).

(20) In case the child and one of the child's parents are resident in their country of origin or another country, and the child is over the age of eight, a residence permit under

subsection (1) para. 2) may only be granted if the child has or is able to obtain such ties with Denmark that there is a basis for successful integration in Denmark. The assessment under the first sentence above must emphasise the circumstances of the child and both parents. The first and second sentences above do not apply if exceptional reasons, including the regard for family unity, otherwise require.

(21) In cases where the applicant has previously held a residence permit under subsection (1) para. 2), which has been terminated according to section 17, a residence permit under subsection (1) para. 2) may only be granted if the regard for the applicant's best interests makes it appropriate. This assessment must in particular emphasise the child's upbringing and family and social networks in Denmark. If the residence permit under subsection (1) para. 2) has been terminated because the child has unwillingly stayed abroad for re-education purposes or on another stay abroad with negative impact on its schooling and integration, such circumstances must also be given special weight in the assessment of the regard for the best interests of the child.

(22) A residence permit under subsection (1) para. 2) may not be granted if it would be manifestly contrary to the applicant's best interests, see subsection (32).

(23) A residence permit under subsection (1) para. 2) may not be granted, unless exceptional reasons make it appropriate, including the regard for family unity, if, within a period of ten years prior to the date of the decision, the person who has permanent residence in Denmark or that person's spouse or cohabitant has been sentenced by a final judgment for one or more offences committed against one or more under-age children to a suspended or unsuspended custodial sentence or other criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this nature, for violation of section 210(1) or (3) read with subsection (1), sections 213, 215, 216, 218, 219, 222, 223, 224(1), section 225 read with sections 216, 218, 219, 222, 223 or 224(1), section 226, section 232, section 233(1) and (2), sections 233a, 235, 237, 244, 246, 250, 260, 261, 262a(2) or section 266 of the Criminal Code.

(24) A residence permit under subsection (1) para. 3) must, when the residence permit is granted for foster care or for the purpose of residence with the child's closest family, be conditional upon the requirement that the person living in Denmark undertakes to maintain the applicant, and that the person living in Denmark does not receive any assistance under the Act on Active Social Policy or the Integration Act during the period until the applicant is granted a permanent residence permit. However, the first sentence above does not comprise assistance in the form of single benefits of moderate amounts not directly related to maintenance, or benefits that are comparable with wages or salary or pension payments or replace such income. A residence permit under subsection (1) para. 3) must when it is granted for the purpose of residence with the child's closest family be made conditional upon the requirement that the person living in Denmark proves that he has the disposal of a separate dwelling of a reasonable size, see section 31.

(25) An application for a residence permit under subsection (1) may only be submitted in Denmark, if the alien is lawfully resident in Denmark according to sections 1- 3a, section 4b or section 5(2) or according to the EU rules, see section 6, or holds a residence permit under sections 7 – 9f, 9i – 9n, 9p or 9q and if no special reasons otherwise require. If the alien is not lawfully resident in Denmark, if a time limit for his departure has been

determined, or if another application for a residence permit submitted by him is pending, an application for a residence permit under subsection (1) may only be submitted in Denmark, if it may be warranted by Denmark's international obligations. An application for renewal of a residence permit granted under subsection (1) must be submitted before the permit expires if the alien is to be considered lawfully resident in Denmark, see the first sentence above.

(26) Where a residence permit has been granted on the condition that the person living in Denmark (the sponsor) has undertaken to support the applicant financially, and where the applicant is subsequently granted assistance under the Act on Active Social Policy or the Integration Act, the local authority must claim a refund of the assistance from the sponsor. The first sentence above does not apply to public expenses on assistance granted to the applicant under the Act on Active Social Policy and the Integration Act after the applicant has been granted a permanent residence permit or a new residence permit on another basis.

(27) Where a residence permit has been made conditional on the requirement that the person living in Denmark has to provide financial security, see subsection (4), and the applicant is subsequently granted assistance under the Act on Active Social Policy or the Integration Act, the Local Council must enforce recovery of the amount provided as security to obtain payment for the assistance. Subsection (26), the second sentence, applies *mutatis mutandis*.

(28) A Local Council may, without the consent of the person living in Denmark and the applicant, provide the Immigration Service with a statement to be used in the processing of a case under subsection (1) in relation to circumstances known to the Local Council concerning the person living in Denmark and the applicant, which the Local Council estimates to be of importance for the decision of the case.

(29) The Local Council must provide a report upon the request of the Immigration Service on the extent to which the person living in Denmark or the applicant has received assistance under the Act on Active Social Policy or the Integration Act within a period specified in the request, see subsection (5), subsection (19), the first and second sentences, and subsection (24), the first and second sentences.

(30) The Local Council must file a report to the Immigration Service if the alien or the person living in Denmark receives assistance under the Act on Active Social Policy or the Integration Act and on the extent of such assistance, see subsection (5), subsection (19), the first and second sentences, and subsection (24), the first and second sentences. The Local Council may disclose information under the first sentence above without any consent. The first and second sentences above will only apply if it is a condition for the residence permit that the alien and the person living in Denmark do not receive assistance under the Act on Active Social Policy or the Integration Act, see subsection (5), the first and second sentences, and subsection (19), the first sentence.

(31) The Local Council must upon the request of the Immigration Service provide a statement concerning the housing situation of the person living in Denmark, including the number of habitable rooms and occupants of the dwelling. The Local Council may without the consent of the person living in Denmark, for the purpose of its statement under the first sentence above, correlate the Joint Local Authority Personal Data System (Det Fælleskommunale Persondatasystem) and the Building and Housing Register (Bygnings-

og Boligregistret, BBR) in order to provide information on the number of habitable rooms in the dwelling and the number of occupants registered at the address in question. The Minister for Immigration and Integration lays down more detailed rules on when it may be considered proved that the person living in Denmark has the disposal of a separate dwelling of a reasonable size, see subsection (6), subsection (19), the second sentence, and subsection (24), the second sentence, and on the Local Council's statement according to the first sentence above.

(32) At the request of the Immigration Service, the Local Council must provide a statement on whether granting a residence permit under subsection (1) para. 2) will be flagrantly contrary to the applicant's best interests, see subsection (22). The statement by the Local Council will be provided without the consent of the person(s) with whom it is concerned.

(33) The amount stipulated in subsection (15) para. 3) has been fixed at the 2011 level and will be adjusted once every year on 1 January as of 2012 by the benefit adjustment rate, see the Act on a Rate for Adjustment of Public Benefits.

(34) A residence permit under subsection (1) para. 1) must, unless special reasons, including the regard for family unity, decisively require otherwise, be conditional upon the requirement that the alien passes a Danish language test at A1 level established by the Minister for Immigration and Integration or another Danish language test at a similar or higher level. The test must have been passed no later than six months from the date of the alien's application for registration in the National Register or, where the alien has a residence permit in this country already, after the date of the granting of the residence permit under subsection (1) para. 1). The alien is responsible for submitting proof that the test has been passed. If the alien has taken, but not passed the test within six months, the test may be re-taken up to three months after expiry of the six-month time limit. If the alien has a valid excuse, the time limits mentioned may upon application be suspended for a period corresponding to the duration of the valid excuse.

(35) A residence permit under subsection (1) para. 1) must, unless special reasons, including the regard for family unity, decisively require otherwise, be conditional on the requirement that the alien passes a Danish language test at A2 level or another Danish language test at a similar or higher level established by the Minister for Immigration and Integration. The test must have been passed no later than nine months after the date of the alien's application for registration in the National Register or, where alien has a residence permit in this country already, after the date of the granting of the residence permit under subsection (1) para. 1). The alien is responsible for submitting proof that the test has been passed. If the alien has taken, but not passed the test within nine months, the test may be re-taken up to three months after expiry of the nine-month time limit. If the alien has a valid excuse, the time limits mentioned may upon application be suspended for a period corresponding to the duration of the valid excuse.

(36) The Local Council may upon request reduce the financial security to be provided under subsection (4) by DKK 20,000, but see subsection (39), when an alien granted a residence permit under subsection (1) para. 1) has passed the Danish language test at level A1, see subsection (34), or another Danish language test at a similar or higher level before the time limit referred to in subsection (34).

(37) The Local Council may upon request reduce the financial security to be provided under subsection (4) by DKK 10,000, but see subsection (39), when an alien granted a residence permit under subsection (1) para. 1) has passed the Danish language test at level A2 or another Danish language test at a similar or higher level before the time limit referred to in subsection (35).

(38) The Local Council may upon request reduce the financial security to be provided under subsection (4) by DKK 10,000, but see subsection (39), when an alien granted a residence permit under subsection (1) para. 1) has passed a final Danish language test as set out in section 9 of the Act on Danish Language Education for Adult Aliens and Others.

(39) The amount of financial security referred to in subsections (36) – (38) may solely be reduced to such an extent that the financial security amounts to at least DKK 60,000.

(40) Aliens must pay a fee of DKK 2,658.01 when registering for the Danish language test at A1 level, see section 34, and for the Danish language test at level A2, see subsection (35). Aliens who do not pay the fee cannot take part in the tests. The first and second sentences do not apply to aliens who are comprised by the EU rules.

(41) The Minister for Immigration and Integration specifies rules for the Danish language test at A1 level and the test at A2 level, see subsections (34) and (35), including rules on valid excuses, conditions for considering the tests as passed, appointment of test providers, conditions for participating in tests, collection of test enrolment fees, contents of tests and how they should be conducted, appeal options, time limits for lodging appeals and tests that may replace the A1 level and A2 level Danish language tests.

(42) The amounts set out in subsections (36) – (40) have been fixed at 2018 level and will be adjusted once every year on 1 January as from 2019 according to the benefit adjustment rate provided by the Act on a Rate for Adjustment of Public Benefits.

The residence permit may not be renewed beyond the alien's 18th birthday.

(12) An application for renewal of a residence permit granted under subsections (1) – (3) must be submitted before the permit expires to ensure that the alien may be considered lawfully resident under subsections (1) – (3). (3) In case the alien is released on parole the periods listed in subsection (2) will be reckoned from that date of release.

(4) A partially suspended custodial sentence will in other cases than those referred to in section 11(3) paras. 2) and 3) prevent the granting of a permanent residence permit during

the period that the unsuspended part of the custodial sentence would require, see subsection (2).

(5) A penalty that has been partially remitted by pardon will in other cases than those referred to in section 11(3) paras. 2) and 3) prevent the granting of a permanent residence permit during the period that the part of the penalty that has to be served would require, see subsection (1) and (2). A penalty that has been fully remitted by pardon will prevent the granting of a permanent residence permit for four years and six months after the expiry of the probation period that has been fixed as a condition for the pardon.

(6) Another criminal sanction that involves or allows deprivation of liberty for an offence that would have resulted in a suspended or unsuspended custodial sentence will in other cases than those referred to in section 11(3) paras. 2) and 3) prevent the granting of a permanent residence permit for the following periods –

- 1) A sentence ordering outpatient treatment with the possibility of hospitalisation, see sections 68 and 69 of the Criminal Code, will prevent the granting of a permanent residence permit for six years from the date of the court's final decision to revoke the measure, but at least nine years from the date of the court's final decision to order the measure, see subsection (7);
- 2) A sentence ordering treatment, see sections 68 and 69 of the Criminal Code, will prevent the granting of a permanent residence permit for nine years from the date of the court's final decision to revoke the measure, but at least 12 years from the date of the court's final decision to order the measure, see subsection (7);

(9) Where an alien has been sentenced several times to suspended or unsuspended custodial sentences or other criminal sanctions involving or allowing deprivation of liberty in respect of offences that would have resulted in punishment of this nature, the periods mentioned in subsections (1), (2) and (4) – (6) must be reckoned on the basis of the date of the last sanction imposed unless the period will thereby become shorter than the period applicable to the alien under subsection (1), (2) or (4) – (6) according to a sanction previously imposed.

11b.-(1) Notwithstanding the provision of section 11a, punishment for violation of section 59(3) will prevent the granting of a permanent residence permit for 15 years, in

(2) Subsection (1) above does not apply to aliens who, at the time of their violation of section 59(3) of the Criminal Code had a residence permit in this country. For such aliens the penalty for violating section 59(3) will in case they repeat the offence prevent the granting of a permanent residence permit for seven years. An application according to the first sentence submitted after the period referred to in subsection (1) will be dismissed unless highly exceptional circumstances otherwise require.

(3) Subsections (1) and (2) will only apply to an alien covered by subsection (1) para. 6) if the alien returns to his country of residence or former country of residence with the person with whom the alien has the family ties on which the residence permit was based.

- 1) Section 9e when the permit has been granted for a limited period;
- 2) Section 9 or section 9c(1) as a result of family ties with a person covered by para. 1) above, but see subsection (5); or
- 3) On another basis than referred to in paras. 1) and 2) above if so decided upon application.

(5) Subsection (4) will only apply to an alien covered by subsection (4) para. 2) if the alien returns to his country of origin or former country of residence with the person with whom the alien has the family ties on which the residence permit was based.

(6) An alien may retain his residence permit under subsections (1) – (5) only once.

18. The right to residence in Denmark will be terminated when in the context of maintenance it has been decided that an alien who does not have the means required for his subsistence must be returned to his country of origin.

18a.-(1) A residence permit will be terminated when an alien acquires Danish nationality.

(2) An alien who has been deprived of his Danish nationality by judgment under section 8a of the Danish Nationality Act may reacquire the residence permit that has been terminated under subsection (1).

(3) A condition for reacquisition under subsection (2) is that there would be no basis for revoking the residence permit terminated under subsection (1), see section 19.

19.-(1) A time-limited residence permit may be revoked –

- 1) If the basis of the application or the residence permit was incorrect or has ceased to exist, for instance if the alien holds a residence permit under section 7 or 8 and the conditions on which the residence permit is based have changed in such a manner that the alien no longer risks persecution as set out in sections 7 and 8. The decision to be made according to the first sentence must take account of the basis of the residence permit;
- 2) Where the alien is not in possession of the requisite passport or other travel document, see section 39, allowing him to return to the country of issue;
- 3) When the alien fails to comply with the conditions specified for his residence permit or work permit. Such conditions must have been indicated explicitly, and it must have been impressed upon the alien in writing that non-compliance will lead to revocation;
- 4) Where it is a condition for the residence permit that the alien or the person living in Denmark does not receive assistance under the Act on Active Social Policy or the Integration Act, see section 9(5), the second and third sentences, subsection (19), the first and second sentences, and subsection (24), the first and second sentences, and the alien or the person living in Denmark receives such assistance;
- 5) Where it is not a condition for the residence permit that the alien and the person living in Denmark do not receive any assistance under the Act on Active Social Policy or the Integration Act, see section 9(5), the second sentence, because exceptional reasons decisively require otherwise and these exceptional reasons have ceased to exist, and the alien or the person living in Denmark receives such assistance, see section 9(5), the second and third sentences;
- 6) When it is a condition for the residence permit that a person living in Denmark proves that he has the disposal of a separate dwelling of a reasonable size, see section 9(6) para. 1), subsection (19), the third sentence, and subsection (24), the third sentence, and the person living in Denmark can no longer prove that it is the case. The provisions of section 9(31) apply *mutatis mutandis*;
- 7) When it is not a condition for the residence permit that a person living in Denmark proves that he has the disposal of a separate dwelling of a reasonable size because particular reasons otherwise require, see section 9(6) para. 1), subsection (19) the third sentence, and subsection (24), the third sentence, and such particular reasons have ceased to exist, and the person living in Denmark cannot prove that he has the disposal of a separate dwelling of a reasonable size. The provisions of section 9(31) apply *mutatis mutandis*;
- 8) When the residence permit is conditional on the requirement that the alien and the person living in Denmark do not move to a dwelling in a housing compound that is subject to the current Executive Order on the Housing Requirement List for Spousal Reunification, see section 9(6) para. 3), and the alien and the person living in Denmark move to a dwelling in such a compound;

- 9) When the residence permit is not conditional on the requirement that the alien and the person living in Denmark do not move to a dwelling in a housing compound that is subject to the current Executive Order on the Housing Requirement List for Spousal Reunification because particular reasons otherwise require, see section 9(6) para. 3), and these particular reasons have ceased to exist and the alien and the person living in Denmark move to a dwelling in a compound subject to the current Executive Order on the Housing Requirement List for Spousal Reunification, see section 9(6) para. 3);
- 10) When a residence permit is conditional upon the requirement that within a time limit specified in the decision regarding the residence permit the alien documents a right to work in Sweden, see section 9a(3) the third sentence, and the alien fails to submit such documentation within the time limit;
- 11) When it is a condition for the residence permit that the alien and persons granted a residence permit as a result of family ties with the alien do not receive any assistance under the Act on Active Social Policy, see section 9a(4), the first sentence, and section 9i(5) and the alien or persons who are granted a residence permit as a result of family ties with the alien receive assistance under the Act on Active Social Policy;
- 12) When a residence permit is conditional upon the requirement that the alien does not receive benefits on newly graduated terms under section 54 of the Act on Unemployment Insurance etc., see section 9a(4), the fourth sentence, and the alien receives benefits on newly graduated terms under section 54 of the Act on Unemployment Insurance etc.;
- 13) When a residence permit is conditional upon the requirement that the alien and persons granted a residence permit as a result of family ties with the alien do not receive any public maintenance assistance during their stay in Denmark, see section 9f(7) and 9q(5), and the alien or persons granted a residence permit as a result of family ties with the alien receive public maintenance assistance. At the request of the Immigration Service, the Local Council must provide a statement as to whether the alien or persons granted a residence permit as a result of family ties with the alien have received public maintenance assistance during their stay in Denmark;
- 14) When an alien granted a residence permit for the purpose of taking an education programme or a course at an educational institution in Denmark has been sentenced to or accepted a fine or been cautioned by the court for working without the requisite permit, see section 59(3), or for working to a substantial extent in violation of the conditions on which a work permit is based, see section 60(1), or has acknowledged to the Agency for International Recruitment and Integration to have worked without the requisite permit or to a substantial extent in violation of the conditions on which a work permit is based. The Agency for International Recruitment and Integration will issue a caution to an alien with a residence permit as referred to in the first sentence above in case the Agency assesses that the alien has worked in violation of the conditions specified for a work permit, without it being to a substantial extent as referred to in the first sentence above. A caution will remain in force for two years. Where the alien has worked in violation of the

conditions specified for a work permit without it being to a substantial extent, as referred to in the first sentence, the residence permit may be revoked if the alien has received a caution according to the second sentence above and has been sentenced to or accepted a fine or been cautioned by the court for working in violation of the conditions specified for a work permit, see section 60(1), or has admitted to the Agency for International Recruitment and Integration to have worked in violation of the conditions specified for a work permit;

- 15) When it is a condition for the residence permit that the alien passes a Danish language test, see section 9(34) and (35), and the alien has not passed the test within the time limits mentioned in section 9(34) and (35);

 - 2) If information has been provided about circumstances that, under the rules of section 10(1), would exclude the alien from a residence permit;
 - 3) If information has been provided about circumstances that, under the rules of section 10(2) paras. 1) and 2) and subsection (5), would exclude the alien from a residence permit; or
 - 4) When an alien with a residence permit under section 7 or section 8(1) or (2) goes on a holiday or other short-term stay to the country in which the authority that granted the residence permit had found that the alien was at risk of persecution as stated in section 7, and the conditions that formed the basis of the residence permit have changed thus that the alien is no longer at any risk of such persecution, see sections 7 and 8(1) and (2).

(3) A residence permit may be revoked according to subsection (2) para. 4) until ten years after the time when the residence permit was granted for the first time. In the decision to revoke a residence permit according to subsection (2) para. 4), substantial weight must be attached to the circumstance that by travelling voluntarily to the country in which the authority that had granted the residence permit had found that the alien would be at risk of persecution as stated in section 7, the alien has himself created the assumption that the conditions on which the residence permit was based have changed in such a manner that the alien is no longer at any risk of persecution, see sections 7 and 8(1) and (2).

(4) A time-limited or permanent residence permit may always be revoked if an alien who is not a national of a Schengen State or a Member State of the European Union is the subject of an alert entered in SIS II for the purpose of refusing entry according to the SIS II Regulation because of circumstances which, in Denmark, could lead to expulsion under Part 4. The same applies if the alien is the subject of an alert entered in SIS II for the purpose of refusing entry because the alien is subject to restrictive measures intended to prevent entry and transit as decided by the United Nations or the European Union. Revocation under the first and second sentences above must be effected upon consultation with the authorities of another Schengen State according to Article 25 of the Schengen Convention.

(5) A time-limited or permanent residence permit may be revoked if an administrative authority of another Schengen State or a Member State of the European Union has made a final decision to remove an alien who is not a national of a Schengen State or a Member State of the European Union because of circumstances which, in Denmark, could lead to expulsion under sections 22 – 24, 25, 25a(1) or (2) para. 3) or 25c. Where the decision to remove an alien has been made on the basis of a criminal offence, the residence permit may only be revoked if the alien was sentenced for an offence which, in the country in question, may result in a penalty of at least one year's imprisonment. Subsection (3), the second sentence, must be applied *mutatis mutandis*. A decision to revoke a residence permit may not be made according to the first sentence in case the alien is a family member of a national of a Member State of the European Union who has made use of his right to freedom of movement, see section 2(4).

(6) A time-limited or permanent residence permit under section 9f may be revoked if by a final judgment the alien has been convicted of violation of provisions of Parts 12 and 13 of the Criminal Code or section 136, 266, 266a or 266b of the Criminal Code. For the purpose of a revocation decision by the Immigration Service according to the first sentence above, the police may, without the alien's consent, disclose information to the Immigration Service stating that an alien with a residence permit under section 9f has been convicted by a final judgment of violation of the provisions of the Criminal Code referred to in the first sentence above.

(7) In the decision to revoke a residence permit granted under section 9(1) para. 1), section 9c(1) or section 9q(2), it must be taken into account particularly whether the basis of the right of residence has ceased to exist as a consequence of cessation of cohabitation caused by a situation where the alien or the alien's child has suffered assault, abuse or other ill-treatment in Denmark. This applies regardless of the duration of the alien's residence in Denmark.

(8) In the decision to revoke a residence permit granted under section 9(1) para.1), section 9c(1) or section 9q(2), it must be taken into account particularly whether the basis of the right of residence has ceased to exist as a consequence of cessation of cohabitation caused by the death of the person residing permanently in Denmark. This applies regardless of the duration of the alien's residence in Denmark.

(9) The Local Council may without the consent of an alien who has been granted a residence permit under section 7 – 9, 9b – 9f or 9q, provide a statement to the Immigration Service on the alien's circumstances that the Local Council considers of importance for the determination of a case under subsection (1) or (2). If the alien has been granted a residence permit under section 9c(1) as a result of family ties with a person living in Denmark of Danish nationality, holding a permanent residence permit or a residence permit under section 7 – 9, 9b – 9f or 9q, the Local Council may, without the consent of the alien and the person living in Denmark, provide a statement to the Immigration Service on the relevant persons' circumstances considered by the Local Council to be of importance for the determination of a case as mentioned in the first sentence above.

(10) The Local Council may, without the consent of an alien granted a residence permit under section 9a or section 9i – 9l or 9p, provide a statement to the Agency for International Recruitment and Integration on the alien's circumstances considered by the

Local Council to be of importance for the determination of a case under subsection (1) or (2). If the alien has been granted a residence permit under section 9m or 9n, the Local Council may, without the consent of the alien and the person living in Denmark, provide a statement to the Agency for International Recruitment and Integration on the relevant persons' circumstances considered by the Local Council to be of importance for the determination of a case as mentioned in the first sentence above.

(11) In decisions to revoke a residence permit under subsection (3) on the grounds that the alien is the subject of an alert entered in SIS II for the purpose of refusing entry because he is subject to restrictive measures intended to prevent entry and transit as decided by the United Nations or the European Union, the provision of section 26(2) must be applied *mutatis mutandis*.

19a.-(1) Where one of the requirements of section 19 paras. 1) – 5) is satisfied, a residence permit under sections 7 and 8(1) and (2) must be revoked unless it will be contrary to Denmark's international obligations. A residence permit granted under section 9(1) or section 9c(1) as a consequence of family ties to an alien who has been granted a residence permit under section 7 or section 8(1) and (2) must be revoked if one of the requirements of section 19(1) – (5) read with subsection (7) or (8) is satisfied, unless it will be contrary to Denmark's international obligations.

(2) Section 26(1) applies to decisions concerning revocation of other residence permits. Section 26(2) applies to decisions concerning revocation of residence permits under section 19(2) paras. 2) and 3) read with section 10(5).

20. Where a residence permit has been granted under section 7 or 8 to an alien who has entered Denmark in connection with an extensive inflow of refugees, the permit may be revoked if a third country has indicated that it is prepared to receive him and afford him protection, or if the circumstances on which the residence permit was based have clearly ceased to exist.

21. An alien's work permit will be terminated in the event of termination or revocation of his residence permit.

21a. The Agency for International Recruitment and Integration will decide that, for a period of two years from such a decision, no residence permit may be granted under section 9j for the purpose of an au pair placement with a host person if –

- 1) An au pair has performed duties for the host family for more than the maximum period specified by the permit granted or performs services for the host family other than domestic work;
- 2) The amount of pocket money received by an au pair from the host family is smaller than the minimum amount of pocket money prescribed by the immigration authorities;
- 3) A separate room has not been made available to an au pair in the host family's dwelling;
- 4) An au pair travels to Denmark from the au pair's country of origin or country of residence at the beginning of the au pair placement and the country of origin or the country of residence is not an EU/EEA Member State or Switzerland and the host family has not paid for the fare;

- 5) An au pair travels back to the au pair's country of origin or former country of residence after the end of the au pair placement and the country of origin or the country of residence is not an EU/EEA Member State or Switzerland and the host family has not paid for the fare, or
- 6) The host family has failed to take out an occupational hazard insurance policy, a leisure time and accident policy and a policy that covers the cost of repatriation in case of an au pair's death, serious illness or accident.

Part 3a

Termination of a residence permit and right of residence to protect the security of the State, the security of other states or public peace and order

21b.-(1) A residence permit or right of residence will be terminated if an alien stays or has stayed outside the country and there are grounds to assume that during the stay outside the country the alien participates or has participated in activity that may involve or increase a danger to the security of the State, the security of other states or a significant threat to public peace and order, unless the termination will be contrary to Denmark's international obligations. In respect of aliens covered by the EU rules, their right of residence may only be terminated in conformity with the principles set out in the EU rules for restrictions on the right of free movement.

(2) It may be decided upon application that a residence permit or right of residence will not be considered terminated according to subsection (1) if the alien proves that the stay has or has had a creditable purpose.

(3) If information has been provided to the effect that an alien may intend to participate in activity abroad which may involve or increase a risk to the security of the State or of other states or a significant threat to public order, the Immigration Service must guide the alien concerning the rules on termination according to subsection (1).

(4) If despite reasonable efforts to do so it is not possible to communicate the termination to the alien in other ways, notice of the termination of the residence permit or right of residence must be published in the Official Gazette.

Part 4

24. Other aliens may be expelled –

- 2) If the alien is sentenced to a suspended or unsuspended custodial sentence or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this nature.

- 2) The duration of the custodial sentence imposed;
- 3) The danger, damage, injury or harm involved in the offence committed;

(2) Where an alien is given a caution under subsection (1), the court must in connection with passing the judgment provide guidance to the alien about the implications of the caution.

25. An alien may be expelled if –

(2) After entry, an alien who has not been lawfully resident in Denmark for a period longer than the past six months may also be expelled if –

- 2) The alien does not have the means necessary for his subsistence both in respect of the entire intended stay in the Schengen States and for either his return or his transit to a country that is not part of the Schengen Convention in which the alien has a secure right of entry, and is unable lawfully to acquire such means. However, aliens covered by section 2(1) or (2) may not be expelled on this ground;
- 3) Other considerations for public order, Denmark's relations with foreign powers, safety or health conditions or the consideration for the public order of the Schengen States will require that the alien should not have a right of residence in Denmark. Aliens covered by section 2(1) or (2) may not be expelled, however, on the grounds of the consideration for the public order of the Schengen States or Denmark's relations with foreign powers;
- 4) The alien is exempt from having a visa according to section 3 or has been granted a visa under sections 4 – 4b and waives an application for a residence permit according to section 7, which is processed according to section 53b, or if an application for asylum processed according to section 53b is terminated according to section 40(11). 25c. An alien with a residence permit under section 9f may be expelled in cases other than those mentioned in sections 22 – 24 if the alien has been sentenced for violation of provisions of Parts 12 and 13 of the Criminal Code or section 136, 266, 266a or 266b of the Criminal Code.

26.-(1) In a decision to expel an alien under sections 25a – 25c, regard must be had to whether expulsion may be assumed to be particularly straining, in particular because of –

- 1) The alien's ties with Danish society;
- 2) The alien's age, health state and other personal conditions;
- 3) The alien's ties with persons living in Denmark;
- 4) The consequences of the expulsion for the alien's close relatives living in Denmark, for instance in relation to the regard for family unity;
- 5) The alien's slight or non-existent ties with his country of origin or any other country in which the alien may be expected to take up residence; and
- 6) The risk that, in cases other than those referred to in section 7(1) and (2) or section 8(1) and (2), the alien will suffer ill-treatment in his country of origin or any other country in which the alien may be expected to take up residence.

(2) An alien must be expelled under sections 22 – 24 and 25 unless this would definitely be contrary to Denmark's international obligations, but see section 26b.

26a. In the decision to expel an alien, special regard must be had to whether the circumstances that may serve as grounds for expulsion are consequences of human trafficking to which the alien has been subjected and whether this will make expulsion inappropriate.

26b. In the case of aliens covered by the EU rules, expulsion may only be carried through in conformity with the principles that apply under the EU rules to restriction of the right to freedom of movement.

27.-(1) The periods referred to in section 9q(8), section 11(3) para. 1) and subsection (5), section 17(1), the third sentence, and sections 22, 23 and 25a must be reckoned from the date of the alien's registration with the Central National Register or, if his application for a residence permit was submitted in Denmark, from the date of submission of that application or from the date when the conditions for the residence permit were met if that date is after the date of application.

(2) In respect of aliens who have been granted a residence permit under section 7(1) – (3), the periods mentioned in subsection (1) must be reckoned from the date of the first granting of the residence permit.

(3) The reckoning of the periods referred to in subsection (1) must be interrupted when a granted residence permit expires, is terminated or is revoked by the Immigration Service or the Agency for International Recruitment and Integration. If the residence permit is renewed, the residence permit will not be considered terminated, or where the decision on revocation is reversed, the periods mentioned in subsection (1) must be reckoned from the dates stated in subsections (1) and (2) in relation to the residence permit granted previously.

(4) A stay in Denmark based on a residence permit obtained by fraud will not be considered lawful residence.

(5) The time an alien has been remanded in custody prior to conviction or served a custodial sentence or been subject to another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in an unsuspended custodial sentence must not be included in the periods mentioned in subsection (1).

27a. For the purpose of decisions on expulsion to be made by the Immigration Service, the Immigration Appeals Board and the Ministry of Immigration and Integration according to Part 4 read with section 49, the police may, without the alien's consent, disclose information about the alien's offences, including charges with offences, to the Ministry of Immigration and Integration, the Immigration Appeals Board or the Immigration Service.

Part 4a

Enforcement of final administrative decisions made by authorities of other Schengen States or Member States of the European Union on the return of aliens, etc.

27b.-(1) An alien may be returned from Denmark if an administrative authority of another Schengen State or of a Member State of the European Union has made a final decision on the return of the alien on the basis of circumstances that, in Denmark, could lead to expulsion under Part 4, but see subsection (2) below and section 31. If the return decision has been made on the basis of a criminal offence, a decision to return an alien under the first sentence above may only be made if the alien was sentenced for an offence which, in the country in question, may result in a penalty of at least one year's imprisonment.

(2) Subsection (1) does not apply to aliens who –

- 1) Hold a residence permit in Denmark;
- 2) Are nationals of a Schengen State or a Member State of the European Union; or
- 3) Are family members of nationals of a Member State of the European Union who have made use of their right to freedom of movement, see section 2(4).

(3) If as referred to in subsection (1) an alien holds a residence permit for another Schengen State or an EU Member State, or if the alien holds a visa for a stay exceeding 90 days valid only for another Schengen State (long-stay visa), a decision on return under subsection (1) must be made in connection with consultations according to Article 25(2) of the Schengen Convention with the authorities of the country in which a final decision to return the alien has been made, and with the authorities of the country for which the alien holds a residence permit or long-stay visa. If the alien's residence permit or long-stay visa is not revoked, there will be no decision on return under subsection (1).

(4) In return decisions according to subsection (1), the provision of section 26(1) will apply *mutatis mutandis*.

27c. When an alien who is subject to section 27b(1) departs or is returned from Denmark, the Immigration Service must without the alien's consent notify this to the Schengen State or Member State of the European Union in which a final decision of return of the alien has been made.

27d.-(1) The Immigration Service and the police may without the alien's consent obtain confidential information, including information about fully private conditions, about an alien staying in Denmark from an authority of another Schengen State or a Member State of the European Union that has made a final decision of return of the alien, if obtaining such information is necessary for the purpose of a decision under section 27b.

(2) The Immigration Service and the police may without the alien's consent disclose confidential information, including information about fully private conditions, about an

alien expelled from Denmark under Part 4 to authorities of other Schengen States or Member States of the European Union, if the disclosure is necessary for the purpose of the authority's decision to return the alien from the state in question.

27e. The police may, upon request, disclose information without the alien's consent concerning an alien's previous convictions, if any, to authorities of another EU/EEA country or a country falling within section 2(5) for the purpose of an assessment by the country in question of whether the alien constitutes a risk to public order or security in connection with proceedings in that country for the issuing of a registration certificate or residence card according to EU law. If the country in question has no registration scheme, the disclosure may be effected within three months of the alien's entry or the date when the alien reported his presence in the country in question. A reply to any inquiry must be given within two months from its receipt.

Part 5

Refusal of entry

28.-(1) An alien who holds no residence permit and has not been issued with a registration certificate or residence card under section 6 in Denmark, and a national of a Nordic country who has no permanent address in Denmark may be refused entry on arrival from a country which has not acceded to the Schengen Convention in the following cases:

- 1) If the alien has been banned from entering and has no visa issued under section 4 or 4a read with section 3a, the first sentence;
- 2) If the alien does not meet the requirements as to travel documents, visa and entry prescribed by the provisions of Part 7;
- 3) If, based on the information available about the alien's conditions there is reason to assume that the alien intends to stay or work in Denmark without the requisite permit. However aliens who are subject to section 2(1) or (2) may not be refused entry on this ground;
- 4) If the alien is unable to present documentation of the purpose and specific circumstances of his stay. However aliens who are subject to section 2(1) or (2) may not be refused entry on this ground;
- 5) If the alien does not have the means required for his subsistence both in respect of the entire intended stay in the Schengen States and in respect of either his return trip or his transit to a country that has not acceded to the Schengen Convention in which the alien has security of entry, and is unable lawfully to acquire such means. However, aliens who are subject to section 2(1) or (2) may not be refused entry on this ground;
- 6) If the alien is not a national of a Schengen State or a Member State of the European Union, and the alien is the subject of an alert entered in SIS II for the purpose of refusing entry according to the SIS II Regulation;
- 7) If other considerations for the public order, relations with foreign powers or reasons of safety or health of the Schengen States require that the alien should not be allowed to stay in Denmark.

(2) Nationals of countries which have not acceded to the Schengen Convention or the European Union must be refused entry when arriving from a country that is not part of the Schengen Convention in accordance with the provisions of subsection (1) paras. 1) – 7), but see subsection (5).

(3) An alien who holds no residence permit or has not been issued with a registration certificate or residence card in Denmark, see section 6, or a national of a Nordic country who has no permanent address in Denmark may be refused entry on arrival from a Schengen State under the provisions of subsection (1) paras. 1) – 7), but see subsection (5). However, a Nordic national may only be refused entry under subsection (1) para. 2) if entering from a non-Nordic country, see section 39(4).

(4) An alien who is not a national of a Nordic country and not subject to section 2(1) or (2) may be refused entry on arrival in Denmark if the alien in question may be refused entry under the rules applying in the other Nordic country to which the alien may be assumed to intend to travel.

(5) An alien may however not be refused entry under subsections (1) – (4) if according to Article 6(5)(c) of the Schengen Borders Code the alien has obtained special permission to enter Denmark. Where under the provisions of section 2b(4) the alien has the right to travel through Denmark, the alien may solely be refused entry according to subsection (1) para. 1) read with subsections (2) – (4).

(6) An alien who has no permanent address in Denmark may be refused entry irrespective of the provisions of Part 1, if it is found necessary in order to safeguard national security.

(7) The Minister for Immigration and Integration may in exceptional cases decide that aliens who claim to be covered by section 7 may be refused entry from a country that is comprised by the Dublin Regulation. The decision must be made for a period of up to four weeks, which may be extended for a period of up to four weeks at a time. Refusal of entry under the first sentence above may be carried through under the provisions of subsection (1) paras. 1) – 7).

(8) The Refugee Appeals Board must assess for the purpose of its consideration of a decision to refuse entry according to subsection (7) if the requirements of section 48a(1), the third and fourth sentences, are satisfied. The decision of the case must be based on this assessment.

(9) The Minister for Immigration and Integration may lay down more detailed rules on refusal of entry and return of stowaways.

29. (Repealed)

Part 5a

Transfer, etc. under the rules of the Dublin Regulation

29a.-(1) An alien may be refused entry or transferred to another EU Member State under the rules of the Dublin Regulation or under an agreement or equivalent arrangement entered into between Denmark and one or more countries in connection with the Dublin Regulation.

(2) For the purpose of this Act, the Dublin Regulation means the Regulation of the European Parliament and of the Council (EU) No. 604/2013 of 26 June 2013 establishing

the criteria and mechanisms for determining the Member State responsible for considering an application for international protection lodged by a third-country national or a stateless individual in one of the Member States as later amended.

Part 5b

Dismissal of certain applications for a residence permit under section 7

29b. An application for a residence permit under section 7 may be dismissed if the alien has already obtained protection in a country as described in section 29a(1).

Part 5c

List of foreign religious preachers and others who may be excluded from entry

29c.-(1) An alien may be registered on a list if the alien serves as a religious preacher or disseminates a religion or faith in other ways and the regard for public order in Denmark requires that the alien should not have a right of residence in this county. Registration on the list is for two years and may be extended by two years at a time. An alien who is covered by the EU rules, see section 2(3), or holds a residence permit in this country may not be registered on the list.

(2) When a decision is made concerning registration of an alien on the list referred to in subsection (1), section 19 of the Public Administration Act will not apply.

(3) Registration of an alien on the list referred to in subsection (1) must be published as an announcement in the Official Gazette. The registration of an alien on the list applies from the date of publication of the announcement of it in the Official Gazette, unless the alien in question has been informed of the registration on the list prior to that date.

(4) The list referred to in subsection (1) may be published indicating name, nationality, date of birth and country of residence and showing a facial photograph.

(5) The Immigration Service will reconsider a case concerning the registration of the alien on the list referred to in subsection (1) upon request from the alien. An application for reconsideration will not have any suspensory effect.

Part 6

Rules on residence permits, expulsion and refusal of entry

30.-(1) An alien who has no right to stay in Denmark under the rules of Parts 1 and 3 – 5a must leave the country.

(2) If the alien does not leave Denmark voluntarily, the police will make arrangements for his departure. The Minister for Immigration and Integration must lay down specific rules in this respect.

(3) Where the police make arrangements for the departure and if it is carried through by air, the police will take account of the common guidelines for safety directions in connection with common return by air attached as an Annex to Decision 2004/573/EC as later amended.

(4) For the consideration of a case concerned with the return of an alien, the Immigration Service, the Agency for International Recruitment and Integration, the Ministry of Immigration and Integration, the courts, the Immigration Appeals Board or the Refugee Appeals Board must transmit all the documents of a case concerning a residence permit to the police, without the alien's consent, when the application for a residence permit has been refused or the applicant has waived the application for a residence permit.

30a.-(1) The Parliamentary Ombudsman is in charge of the supervision of compulsory returns.

(2) Such supervision must be carried out in accordance with the Act on the Parliamentary Ombudsman. In his supervision, the Parliamentary Ombudsman must ensure in particular that the activity of the police is performed with respect for the individual and without undue use of force.

(3) The Parliamentary Ombudsman must carry out his supervision on the basis of regular reports submitted by the police and by reviewing a number of completed cases concerning returned aliens.

(4) The Parliamentary Ombudsman may be present when aliens are returned by the police. The police must make the necessary practical arrangements for the presence of the Parliamentary Ombudsman during the return. The supervision period comprises the period from the decision of compulsory return has been made and until the return has been effected. The police must provide the Parliamentary Ombudsman with the information necessary for the performance of the supervisory activity.

(5) The Parliamentary Ombudsman must submit an annual report on the supervisory activity. The report must be made public.

(6) The Parliamentary Ombudsman is in charge of the supervision of compulsory returns of aliens according to the Regulation of the European Parliament and of the Council (EU) No. 2016/1624 of 14 September 2016 on the European Border and Coast Guard and amendment of the Regulation of the European Parliament and of the Council (EU) 2016/399 and on the repeal of the Regulation of the European Parliament and of the Council (EC) No. 863/2007, Council Regulation (EC) No. 2007/2004 and Council Decision 2005/267/EC.

31.-(1) An alien may not be returned to a country in which he will be at risk of the death penalty or of being subjected to torture or inhuman or degrading treatment or punishment, or where the alien will not be protected against being retransferred to such a country.

(2) An alien who is subject to section 7(1) may not be returned to a country in which he will risk persecution on the grounds set out in Article 1 A of the Convention Relating to the Status of Refugees (28 July 1951), or where the alien will not be protected against being retransferred to such a country. This does not apply if the alien must on reasonable grounds be considered a danger to national security or if, after a final judgment for a particularly dangerous crime, the alien must be considered a danger to society, but see subsection (1).

32.-(1) A judgment, court order or decision by which an alien will be expelled will have the consequence that the alien's visa and residence permit will be terminated, and that the

alien will not be allowed to re-enter Denmark and stay in this country without permission (re-entry ban). A re-entry ban may be time-limited. The re-entry ban applies from the time of the departure or return.

(2) A re-entry ban in connection with expulsion under sections 22 – 24 must be imposed

- 1) For four years if the alien is sentenced to a suspended custodial sentence or an unsuspended of not more than three months or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this nature or duration;
- 2) For six years if the alien is sentenced to an unsuspended custodial sentence of more than three months but not more than one year or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this duration;
- 3) For 12 years if the alien is sentenced to an unsuspended prison sentence of more than one year but not more than two years, or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this duration;
- 4) Permanently if the alien is sentenced to an unsuspended prison sentence of more than one year and six months but not more than two years or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this duration unless it is found that there is solely a basis for imposing a re-entry ban of 12 years; or
- 5) Permanently if the alien is sentenced to an unsuspended prison sentence of more than two years or another criminal sanction involving or allowing deprivation of liberty for an offence that would have resulted in a penalty of this duration.

(3) A re-entry ban in connection with expulsion under section 22 paras. 4) – 8), section 23 para. 1) read with section 22 paras. 4) – 8) or section 24 para. 1) read with section 22 paras. 4) – 8) and expulsion by judgment of an alien who has not been lawfully resident in Denmark longer than the past six months must, however, be imposed for at least six years.

(4) A re-entry ban in connection with expulsion under section 25 para. 1) must be imposed permanently, but see subsection (5). The same applies to a re-entry ban in connection with expulsion under section 25 para. 2) when the alien is considered a serious threat to public order or security. A ban on re-entry in connection with expulsion under section 25 para. 2) when the alien is considered a serious threat to public health and under section 25b when the alien is not a national of one of the countries referred to in section 2(1) (a third-country national) and has entered Denmark contrary to a ban on re-entry imposed previously in connection with expulsion under section 25b or contrary to a ban on re-entry imposed by another Member State and updated in SIS II, must be imposed for five years, but see subsection (5). A ban on re-entry in connection with expulsion under section 25c must be imposed for four years. A ban on re-entry in connection with expulsion under sections 25a and 25b must be imposed for two years, but see the third sentence above and subsection (5) below.

(5) Where exceptional reasons including the regard for familial and social ties make it appropriate, a ban on re-entry may, unless the alien has been expelled under section

25a(1), be imposed for a shorter duration than stated in subsection (4), the third and fifth sentences. A ban on re-entry of a shorter duration than stated in subsection (4), the first and second sentences, may furthermore be imposed if a permanent ban on re-entry will be contrary to Denmark's international obligations. A ban on re-entry in connection with expulsion under sections 22 – 24 may be imposed for a shorter duration in case a ban on re-entry of the duration referred to in subsections (2) and (3) will mean that expulsion will definitely be contrary to Denmark's international obligations.

(6) The police authority in charge of the arrangements for departure must deliver to the alien a written notice giving the grounds for the re-entry ban and the criminal liability imposed if the ban is not observed.

(7) A re-entry ban will be terminated if, under the conditions mentioned in section 10(3) and (4), the alien is granted a residence permit under sections 7 – 9f, 9i – 9n, 9p or 9q.

(8) A re-entry ban imposed on a national of a Member State of the European Union or a state comprised by the Agreement on the European Economic Area, a Swiss national or an alien otherwise covered by the EU rules, see section 2(2), may be lifted if special reasons make it appropriate. An application for the lifting of a re-entry ban must be considered within six months of submission of the application.

(9) An alien who is subject to restrictive measures in the form of limitations on entry and transit as decided by the United Nations or the European Union may not enter and stay in Denmark without permission (an entry ban). The entry ban applies for as long as the alien is subject to the restrictive measures. The entry ban will be lifted if the alien ceases to be subject to the restrictive measures or if for special reasons the alien is granted a residence permit in Denmark.

(10) An alien registered on the list referred to in section 29c(1) may not enter and stay in Denmark without permission (an entry ban). The entry ban applies as long as the alien is registered on the list. The entry ban will be lifted if the alien ceases to be on the list or for special reasons is granted a residence permit in Denmark.

(11) A re-entry ban in connection with expulsion under section 25b imposed on an alien who is not a national of one of the countries stated in section 2(1) (a third-country national) may be lifted in exceptional cases, including for reasons of family unity. In addition, a re-entry ban in connection with expulsion under section 25b(2) may be lifted if the alien has left the country in accordance with a fixed time limit for departure.

(12) An alien whose residence permit or right of residence has been terminated according to section 21b(1) may not enter and stay in this country without permission (a re-entry ban). The ban on re-entry must be imposed permanently and will be effective as from the time of the departure or return or, if the alien stays outside this country, from the date when it is ascertained that the alien's residence permit or right of residence has been terminated. A re-entry ban of shorter duration than stated in the second sentence may be imposed if a permanent ban will be contrary to Denmark's international obligations.

32a. A decision to refuse an application for a residence permit under section 7 or section 8(1) or (2), or a decision to terminate or revoke such a residence permit, must include a decision as to whether the alien may be returned from Denmark if he does not leave voluntarily as referred to in section 31.

32b. A decision according to which an alien whose application for a residence permit under section 7 or section 8(1) or (2) has been refused cannot be returned from Denmark as stated in section 31 must be revised if the basis referred to in the decision has ceased to exist.

33.-(1) A refusal of an application for a residence permit or an application for renewal of a residence permit, a decision to revoke a residence permit, a refusal of an application for the issuing of a registration certificate or a residence card, see section 6, a decision to revoke a registration certificate or a residence card, see section 6, a decision of expulsion under section 25, 25a or 25b and a decision to return an alien under section 27b must state a time limit for departure. The decision must further contain information of the rules of subsection (3), the first, third and fourth sentences.

(2) In decisions falling within subsection (1), the time limit to leave the country must be set at one month if the alien is a national of another Nordic country and has been resident in Denmark, if the alien is covered by the rules of section 2(4) (the EU rules) or has previously held a residence permit. In decisions to refuse an application for a residence permit under sections 9b and 9c(3) para. 2), the time limit must be set at 15 days. For other aliens, the time limit to leave the country must be set at seven days. In cases of urgency, the time limit to leave the country must always be immediately. Cases of urgency are in particular cases where the alien constitutes a danger to national security or a serious threat to public order, safety or health, where the alien has committed a criminal offence, where the case involves fraud or a manifestly unfounded application, or where there is a risk that the alien will disappear or abscond his return. The risk that the alien may disappear or abscond being returned from Denmark exists when the alien has not cooperated during the processing of the case or where generally on the basis of the information available about the alien and the duration and character of his stay, there is reason to assume that the alien will disappear or abscond being returned. It cannot be considered a matter of urgency if there is a risk that the alien will disappear in case the alien is a national of one of the countries referred to in section 2(1).

(3) Where an appeal is lodged against a decision made under subsection (1) within seven days after it has been notified to the alien, the alien has the right to remain in Denmark until his appeal has been heard in case the alien is either comprised by the EU rules (section 2), or is a national of another Nordic country and has been resident in Denmark or has so far held a residence permit with the possibility of permanent residence in this country. Where the decision is upheld, a new time limit for the alien's departure must be fixed according to the rules of subsection (2). An alien who has not previously had a residence permit, a registration certificate or a residence card in Denmark, see section 6, and is covered by the EU rules set out in section 2(1) and (2) will however not have any right to remain in this country until an appeal against an expulsion decision under section 25a or 25b has been dealt with. An appeal against a decision that is not covered by the first sentence above, may only be given suspensory effect in respect of the time limit for departure where special reasons make it appropriate.

(4) An application for a residence permit under section 9b has no suspensory effect on the time limit for departure unless exceptional reasons make it appropriate.

(5) An application for a residence permit that is allowed to be submitted in Denmark, see sections 9(25), 9a(5) and (6), 9c(6), 9f(9), 9i(3) and (4), 9j(2) and (3), 9k(2) and (3), 9l(2) and (3), 9m(2) and (3), 9n(2) and (3), 9p(2) and (3) and 9q(11) and (12) of this Act and applications for a residence permit under section 9d must be given suspensory effect in respect of the time limit for departure.

(6) If a decision made by the Immigration Service under section 53b(1) is brought before the Parliamentary Ombudsman, this will not have any suspensory effect regarding the time limit for departure. Where a decision made by the Minister for Immigration and Integration under section 9b is brought before the Parliamentary Ombudsman this will not have any suspensory effect on the time limit for departure, if the complaint must be considered manifestly unfounded or the complaint is not submitted in connection with the notification of the refusal of a residence permit under section 9b.

(7) An application to have a decision under section 7 or section 9b reopened has no suspensory effect regarding the time limit for departure unless the authority that made the decision so decides. Where the time limit for the alien's departure has been exceeded, an application for reopening will not have any suspensory effect unless exceptional reasons make it appropriate.

(8) An application for a residence permit under section 9b, under section 9c when the application concerns an alien who has submitted an application for a residence permit under section 7, or under section 9e will not be considered if the authority that is to make the decision is not aware of the alien's place of residence. The first sentence above applies *mutatis mutandis* to an application for the reopening of a decision under section 7, under section 9b, under section 9c when the decision concerns an alien who has submitted an application for a residence permit under section 7, or under section 9e.

(9) Where expulsion has been decided by judgment, the police must set the time limit for departure to be immediately, but see subsection (15). The time limit for departure will be reckoned from the date of release or the date of discharge from hospital or secure detention. If the judgment is suspended or if expulsion has been ordered by a judgment for outpatient treatment with the option of detention, the time limit will be reckoned from the date of the final judgment in the case or, if the person was not present when judgment was pronounced, from the date when the judgment was served on the alien.

(10) An application for a residence permit under sections 9 – 9f, 9i – 9n, 9p and 9q read with section 10(4) submitted by an alien subject to a ban on re-entry does not have any suspensory effect unless the authority that considers the application so decides.

(11) An appeal against a decision refusing an alien entry into Denmark does not give the alien any right to enter Denmark.

(12) Where an alien from the Kosovo Province of the Federal Republic of Yugoslavia holding or formerly holding a residence permit under the Act on Temporary Residence Permits for Distressed Persons from the Kosovo Province of the Federal Republic of Yugoslavia (the Kosovo Emergency Act), or being or having been registered as an asylum seeker under the rules of section 48e(2) on the basis of an application for a residence permit under section 7 submitted before 30 April 1999, lodges an appeal against a decision refusing an application for a residence permit under section 9e or a decision revoking such a residence permit within seven days after the decision on refusal or

revocation has been notified to the alien, the alien is entitled to remain in Denmark until the appeal proceedings have been completed.

(13) If an appeal against a refused application for a residence permit under section 9c(3) para. 2) is lodged within seven days of its notification to the alien in question, the alien is entitled to remain in Denmark until the appeal proceedings have been completed.

(14) If an alien has been trafficked, the Immigration Service must, upon request, set the time limit for departure at 30 days unless special reasons otherwise require. Upon request, the time limit for departure may be set at a later point or be extended if special reasons make it appropriate or if the alien cooperates on a prepared return. The time limit for departure may not exceed 120 days.

(15) Subsection (14) applies mutatis mutandis to an alien who has been trafficked and expelled by judgment.

33a. Aliens who cooperate with the Immigration Service on their return and enter into contracts on upgrading programmes and voluntary departure, see section 43c, must irrespective of the fixed time limit for their departure, see section 33, not leave Denmark until their upgrading programme in Denmark has been concluded or discontinued.

33b.-(1) A decision comprised by section 33(1) must be communicated in writing. The same applies to a decision as to whether a complaint against such a decision may be given suspensory effect.

(2) The alien must upon request be given an oral or written translation of the key elements of the decision referred to in subsection (1), in a language which the alien understands or may reasonably be assumed to understand.

33c. A time limit for departure under section 33(2) may be extended if special reasons, including the duration of the alien's stay, the consideration for children attending school and other familial and social relations make it appropriate. The decision must be communicated in writing.

34.-(1) Until a decision has been made as to whether an alien is to be refused entry, expelled, transferred or returned from Denmark on the grounds that under the rules of Parts 1 and 3 – 5a the alien has no right to stay in Denmark, and until such a decision can be commenced, the police may order, when it may be considered necessary in order to ensure the presence of the alien, that the alien must –

- 1) Deposit his passport, other travel documents and tickets with the police;
- 2) Provide security in an amount determined by the police;
- 3) Stay at a location directed specifically by the police; and
- 4) Report to the police at specified times.

(2) The police may order, if it is found expedient in order to ensure the alien's presence or cooperation in the processing of the case or the return from Denmark, that an alien must report to the police at specified times in case -

- 1) The alien submits an application for a residence permit under section 7 and does not cooperate in obtaining information for the case, see section 40(1), the first and second sentences;

- 2) The alien fails without a reasonable excuse to appear for an interview to be conducted by the Immigration Service or the police to which the alien has been called;
- 3) The alien has resorted to violent or threatening conduct in relation to persons who perform duties in relation to the operation of an accommodation facility for aliens or to persons otherwise present at the accommodation facility; or
- 4) The alien fails to comply with a decision of the Immigration Service ordering the alien to stay at a place directed specifically by the Immigration Service, see section 42a(7), the third sentence, and subsection (8), the second sentence, and section 42d(2), the second sentence.

(3) Where the police make arrangements for an alien's departure, to which the alien does not contribute, see section 40(6), the first sentence, the police may decide that the alien must report to the police at specified times if it is believed to be expedient in order to ensure the alien's presence or cooperation on his departure.

(4) Unless special reasons otherwise require, the police will decide that an alien whose residence permit under section 7 or section 8(1) or (2) has been terminated, see section 32(1) or section 21b(1), but who cannot be returned from Denmark, see section 31, and an alien who has had his application for a residence permit under section 7 or section 8(1) or (2) refused but cannot be returned from Denmark, see section 31, must report to the police at specified times to ensure that the alien's place of residence is continuously known to the police.

(5) The police may decide that unless special reasons will otherwise require, an alien who has been expelled by a final judgment under sections 22 – 24 and is not remanded in custody under section 35 must report to the police at specified times in order to ensure effective enforcement of the decision of expulsion.

(6) The police may decide that, unless special reasons will otherwise require, an alien whose residence permit or right of residence has been terminated under section 21b(1) or who has been expelled under section 25 must report to the police at specified times to ensure effective implementation of his departure or return.

(7) The police may apply the measures referred to in subsection (1) when it must be considered necessary to ensure the presence of an alien in transit in a Danish airport with a view to his return.

34a. (Repealed)

35.-(1) An alien may be remanded in custody when there are certain reasons to consider remand custody necessary to ensure the alien's presence during the proceedings and the hearing of a possible appeal until a possible order of expulsion may be enforced and where -

- 1) the alien has no permanent address in this country and there are reasons to suspect that the alien has committed an offence that may lead to expulsion according to sections 22 – 24 or
- 2) the alien has entered Denmark in contravention of a ban on re-entry.

(2) An alien who has submitted an application for a residence permit under section 7 and been expelled by a final judgment under sections 22 – 24 may be remanded in custody for the purpose of ensuring effective enforcement of the expulsion order.

(3) The provisions of the Administration of Justice Act on remand custody and measures that replace such custody apply in general. However, a time limit must always be fixed for the duration of the remand custody or measure when remand custody or a measure that replaces it is ordered, solely for the purpose of enforcement of the decision upon a final judgment ordering expulsion. The time limit under the second sentence must be fixed by the court in the district where the alien is detained. In addition, an inspection and examination of the alien's body and clothes may be carried through under the provisions of section 37a(3) – (7).

35a.-(1) An alien may be placed in remand custody when there are grounds to suspect that the alien has repeatedly violated orders imposed under sections 34(4) – (6), section 42a(8), the first and third sentences, or section 42a(10).

(2) The provisions of the Administration of Justice Act on remand custody and measures that replace such custody apply in general.

35b. (Repealed)

36.-(1) In case the measures referred to in section 34 are not sufficient to secure the possibility of refusal of entry, of expulsion under section 25 para. 2) or sections 25a, 25b and 25c or of return of an alien who has otherwise no right to be in this country according to the rules of Parts 1, and 3 -5, the police must as far as possible decide that the alien must be placed in detention. To secure the possibility of refusal of entry or transfer under the rules of Part 5a, the police may decide that the alien must be detained if there is a material risk that the alien may disappear and the measures referred to in section 34 are not sufficient. The police may decide that an alien must be placed in detention to secure the possibility of expulsion under section 25 para. 1). If the alien has a permanent habitual residence in this country, the alien may solely be detained in order to secure the possibility of expulsion under section 25. An alien whose application for a residence permit under section 7 is expected or has been selected for processing according to the procedure referred to in section 53b(1) may upon a specific, individualised assessment be detained if it is required in order to secure the alien's presence while his asylum case is processed unless the measures referred to in section 34 are adequate. The police may decide that an alien who applies for a residence permit under section 7 must be detained in connection with his entry for the purpose of establishing the alien's identity, carry through registration and determine the basis of the application.

(2) An alien may be detained if he fails to comply with an order from the Immigration Service to stay at a specified place, see section 42a(7), the third sentence, and subsection (8), the second sentence, and section 42d(2), the second sentence. An alien who has submitted an application for a residence permit under section 7 may also be detained if, without reasonable cause, the alien does not appear for an interview with the police or the Immigration Service to which the alien has been called.

(3) An alien who has submitted an application for a residence permit under section 7, and has been expelled under section 25a(1), may be placed in detention to ensure effective enforcement of the decision of expulsion.

(4) If the measures referred to in section 34 are inadequate to secure efficient processing of the asylum application and return from Denmark, an alien who has

submitted an application for a residence permit under section 7 may be detained during the asylum proceedings if due to his behaviour the alien significantly obstructs the process of obtaining information for the case by –

- 1) Repeatedly failing, without reasonable cause, to appear for interviews with the police or the Immigration Service to which the alien has been called;
- 2) Not giving or obscuring information about his identity, nationality or travel route or by offering information about such data that is undoubtedly untrue, see section 40(1), the first and second sentences; or
- 3) Not cooperating in providing information for the case in any other similar way.

(5) Where the police make arrangements for an alien's departure on which the alien does not cooperate, see section 40(6), the first sentence, the alien must as far as possible be detained to ensure that the alien provides the information required for his departure and contributes to obtaining the necessary travel documents and visa and assist in the departure in general.

(6) An alien whose application for a residence permit under section 7 has been refused by the Immigration Service under section 53b(1) or by the Refugee Appeals Board, where the police make the arrangements for the alien's departure and the alien does not cooperate on his departure, see section 40(6), the first sentence, must as far as possible be detained if the measures mentioned in sections 34 and 42a(7), the third sentence, and subsection (8), the second sentence, and subsection (12) are not sufficient to ensure the alien's cooperation on the departure.

(7) An alien who fails once or several times to comply with directions from the police under section 34(4) may be detained if necessary to determine whether a possibility of his return has arisen, see section 32b.

(8) If the measures referred to in section 34 are not sufficient to ensure the presence of an alien in transit at a Danish airport for the purpose of his return, the alien may be placed in detention.

37.-(1) An alien who has been detained under section 36 must, if he has not been released before then, be brought before a court of justice within three full days from the commencement of the detention, and the court must rule on the lawfulness of the detention and its continuation. If the detention was commenced to ensure the possibility of expulsion under section 25 para. 1), the lawfulness of the detention and its possible continuation must be brought before the court within three full days from its commencement, even if the alien is released before then. If the detention under section 36 was commenced in immediate extension of detention under the Act on Police Activity, the time limit must be reckoned from the time of detention under the Act on Police Activity. The court's review of an instance of detention commenced to ensure the possibility of expulsion under section 25 para. 1) must be dealt with according to Part 7b. If the detention under section 36 was commenced in immediate continuation of arrest according to Part 69 of the Administration of Justice Act, the time limit must be reckoned from the time of the arrest. The alien must be brought before the court in the district where the alien is detained, but see the fourth sentence above.

(2) The court must appoint counsel to assist the alien. The date and hour when detention was commenced and when the alien was brought before the court must be registered in the court records.

(3) The court must make its decision by an order, against which an interlocutory appeal may be lodged under the rules of Part 37 of the Administration of Justice Act. If the alien is detained at the time of the decision and if it is found lawful, the court order must determine a time limit for continued detention. This time limit may later be extended by the court, but not by more than four weeks at a time. If the detention was commenced under section 36(1), the fifth sentence, it may be continued under this provision for not more than seven days after the detention was commenced according to section 36(1), the fifth sentence. Section 748b, with the exception of the second sentence of subsection (1), of the Administration of Justice Act will apply *mutatis mutandis* in respect of court hearings held to consider extension of the time limit for detention.

(4) When detention of an alien is commenced, the police must inform the alien in writing of the provisions of subsection (2), the first sentence, and subsection (1) or section 37k(2) in a language which the alien understands or may reasonably be assumed to understand. The police must furthermore inform the alien of his right to contact the diplomatic or consular representation of his country of origin or, if the alien applies for a residence permit under section 7, his right to contact a representative of the Danish Refugee Council.

(5) An interlocutory appeal does not have any suspensory effect on the execution of a decision of refusal of entry, expulsion, transfer or return on the grounds that the alien is not entitled to stay in Denmark under the rules of Parts 1 and 3 – 5a.

(6) Otherwise, Part 43a of the Administration of Justice Act applies *mutatis mutandis*.

(7) A decision on detention under section 36 and continued detention, see subsection (1), the first sentence, must be communicated in writing. When commencing the detention according to section 36(1), the second sentence, the police must give the alien a written translation of the key elements of the decision in a language that the alien understands or may reasonably be assumed to understand.

(8) Detention for the purpose of return under section 36 may not continue for a period exceeding six months. The court may however extend this period for up to additionally 12 months in special circumstances if the return procedures may be expected despite all reasonable efforts to take longer as a consequence of the alien's non-cooperation in the return or delays in connection with the obtainment of the necessary travel document and entry permit. The detention must be as brief as possible and may be continued only while the return is being prepared and carried out with due care.

(9) Detention under section 36(1), the second sentence, may not be continued if the Immigration Service has not within one month from the time when the application for a residence permit under section 7 was submitted made a request to another Member State for acceptance or return of the alien. If such an application has not been made, the detention may not be maintained in case the Immigration Service has not filed a request to another Member State for acceptance or return within one month from the date when the alien's presence in Denmark has become known to the immigration authorities. From the date when another Member State has accepted the transfer or return or when a complaint

will no longer have any suspensory effect, detention may not take place for a period exceeding six weeks. The detention must be as brief as possible and may be continued only while the refusal of entry or the transfer is being prepared and carried out with due care.

(10) Detention under section 36 for the purpose of refusal of entry or transfer according to the rules of Part 5a or return or detention of aliens who apply for a residence permit under section 7, must take place in special facilities. If this is not possible the detainee must be kept separate from regular inmates. Unaccompanied minors may not be detained in prisons.

37a.-(1) Section 758(1), the first sentence, section 758(2) and section 759 of the Administration of Justice Act apply *mutatis mutandis* to an alien who is detained according to section 36.

(2) Sections 773 – 776 and 778 of the Administration of Justice Act apply *mutatis mutandis* to an alien whose detention has been continued by a decision of the court according to section 37 read with section 36 above.

(3) The police may in connection with detention according to section 36 and observing subsections (4) – (7) carry out a search and examination of the alien's body and clothes in order to take objects from the alien that may be used for violence or evasion or otherwise cause danger to the alien or others. The police may take such objects found on the alien into custody.

(4) A search and examination according to subsection (3) may not be carried through if considering the objective of the measure, the importance of the case and the offence and nuisance the intervention may be assumed to cause it would be a disproportionate measure.

(5) Body searches must be carried out as gently as circumstances permit. It must for instance be ensured as far as possible that intrusion which may otherwise be perceived as offending to a person's modesty will only be performed by persons of the same gender as the examined alien or by healthcare professionals. Where such a measure requires undressing, it must as far as possible only be attended by persons of the same gender as the alien or by healthcare professionals.

(6) The measures referred to in section 792(1) paras. 1) and 2) of the Administration of Justice Act are allowed. Measures referred to in section 792(1) para. 2) may only be carried through with a doctor participating. The doctor must assess whether the performance of the measure, taking account of the pain and risk associated with it and the examined person's condition, is a medically appropriate procedure.

(7) A body search of an alien whose detention has been upheld by the court according to section 37 read with section 36 may only be carried through if there is a specific and imminent danger or if there are definite reasons to assume that the alien is unlawfully in possession of objects. However, the police may immediately before carrying through a return of an alien carry through a body search of an alien even if there is no specific and imminent danger or there are no definite reasons to assume that the alien is unlawfully in possession of objects, in case the alien is held in detention for the purpose of return according to section 36(1) paras. 1) – 5).

37b.-(1) An alien who is placed in detention according to section 36 or whose detention is upheld by the court according to section 37 read with section 36 will not while kept in detention be subject to other restrictions of his liberty than are required by the aim of the detention and the maintenance of order and security at the place of detention.

(2) Section 770(2) of the Administration of Justice Act applies mutatis mutandis to an alien who has been placed in detention under section 36 of this Act or whose detention has been upheld by the court according to section 37 read with section 36.

37c.-(1) The court may order at the request of the police, that an alien whose detention has been upheld by the court according to section 37 read with section 36 must be fully or partly excluded from common contact with other inmates (solitary confinement) if required with a view to the obtainment of information necessary for an assessment of whether a permit may be granted under this Act or whether the alien stays lawfully in this country.

(2) Solitary confinement must not be commenced or continued if the purpose of the measure may be achieved through less radical measures of intervention. In the decision of whether to order solitary confinement the court must furthermore consider the special strain it may involve to the detainee due to the detainee's young age or physical or mental infirmity.

(3) The request from the police for solitary confinement must be submitted to the court in the district where the alien is detained. The court must appoint counsel to assist the alien. The court's decision must be made by an order, against which an interlocutory appeal may be lodged under the rules of Part 37 of the Administration of Justice Act. An interlocutory appeal will not have any suspensory effect in respect of the implementation of the order of solitary confinement. Furthermore, Part 43a of the Administration of Justice Act will apply mutatis mutandis.

(4) If the court finds that solitary confinement may be commenced or continued, the order must specify a time limit for the continued solitary confinement. When solitary confinement is commenced, the first time limit for the duration of the measure must not exceed two weeks. This time limit may later be extended by the court, but not by more than four weeks at a time. Complete solitary confinement may not take place for an unbroken period of more than four weeks. Section 748b, with the exception of the second sentence of subsection (1), of the Administration of Justice Act applies mutatis mutandis to court hearings for determining commencement or continuation of solitary confinement.

(5) The police may decide that an alien who is held in detention under section 36, but has not been brought before the court according to section 37, must be subjected fully or partly to solitary confinement if the conditions of subsections (1) and (2) are met. The alien may demand that a decision on solitary confinement made by the police under the first sentence above must be put before the court to be considered in connection with the alien's appearance before the court under section 37. A request according to the second sentence will not have any suspensory effect. Subsection (3) applies mutatis mutandis.

37d.-(1) An alien who is held in detention according to section 36, or whose detention has been upheld by the court according to section 37 read with section 36, may receive visitors to an extent consistent with the maintenance of order and security at the place where the alien is detained. To facilitate the obtainment of information necessary for

assessing whether a permit may be granted according to this Act or whether the alien stays lawfully in Denmark, or information necessary for allowing the police to make arrangements for the alien's departure, the police may oppose visits to the detainee or demand that visits take place under supervision. The detainee will always have the right to receive unsupervised visits by his appointed counsel. A detainee who has applied for a residence permit under section 7 will always have the right to unsupervised visits by a representative of the Danish Refugee Council and of the United Nations High Commissioner for Refugees (UNHCR).

(2) Where the police refuse visits to an alien whose detention has been upheld by the court under section 37 read with section 36, the detainee must be informed of the refusal, unless the court may decide otherwise to facilitate the obtainment of information necessary for assessing whether a permit may be granted according to this Act or whether the alien stays lawfully in Denmark, or information necessary for allowing the police to make arrangements for the alien's departure. Section 37c(3) applies *mutatis mutandis*.

(3) Where the police refuse visits to an alien who is detained according to section 36 but has not been brought before the court according to section 37, the detainee must be informed of the refusal, unless the police may decide otherwise to facilitate the obtainment of information necessary for assessing whether a permit may be granted under this Act or whether the alien stays lawfully in Denmark or information necessary for allowing the police to make arrangements for the alien's departure.

(4) An alien whose detention has been upheld by the court according to section 37 read with section 36, may demand that a police refusal of visits or requirement of supervision under subsection (1) must be put before the court for determination. A request according to the first sentence above does not have any suspensory effect. Section 37c(3) applies *mutatis mutandis*.

(5) An alien who is detained according to section 36 but has not been brought before the court according to section 37 read with section 36, may demand that a police refusal of visits or requirement of supervision under subsection (1) must be put before the court for determination when the alien is brought before the court according to section 37 read with section 36. A request under the first sentence above has no suspensory effect. Section 37c(3) applies *mutatis mutandis*.

37e.-(1) An alien who is detained according to section 36, or whose detention has been upheld by the court under section 37 read with section 36, has the right to receive and send letters. The police may check the letters before they are received or sent. The police must as soon as possible hand over or send the letters, unless their contents may potentially be detrimental to the obtainment of information that is necessary for assessing whether a permit may be granted according to this Act or whether the alien stays lawfully in Denmark, or information necessary for allowing the police to make arrangements for the alien's departure, or detrimental to the maintenance of order and security at the place where the alien is detained.

(2) An alien who is detained according to section 36, or whose detention has been upheld by the court according to section 37 read with section 36, has the right to unsupervised exchange of letters with his assigned counsel, the Minister for Immigration and Integration, the Immigration Service, the Agency for International Recruitment and

Integration, the Refugee Appeals Board and the Immigration Appeals Board. If the alien has applied for a residence permit under section 7, he will moreover have the right to unsupervised exchange of letters with the Danish Refugee Council and the United Nations High Commissioner for Refugees (UNHCR). Section 772(2) of the Administration of Justice Act applies *mutatis mutandis*.

(3) Where a letter to or from an alien whose detention has been upheld by the court according to section 37 read with section 36, is withheld, the question of whether such withholding should be continued must immediately be put before the court for decision. If the withholding is continued, the sender and the addressee must be informed immediately, unless the court decides otherwise to facilitate the obtainment of information that is necessary for assessing whether a permit according to this Act may be granted or whether the alien stays lawfully in Denmark, or that is necessary for allowing the police to make arrangements for the alien's departure. Section 37c(3) applies *mutatis mutandis*.

(4) Where a letter to or from an alien who is detained according to section 36, but who has not been brought before the court according to section 37 is withheld, the sender and the addressee must be informed immediately, unless the police should decide otherwise to facilitate the obtainment of information that is necessary for assessing whether a permit may be granted according to this Act or whether the alien stays lawfully in Denmark, or that is necessary for allowing the police to make arrangements for the alien's departure. The sender or addressee may demand that the withholding of a letter by the police must be put before the court for decision when the alien is brought before the court according to section 37. A request according to the second sentence above has no suspensory effect. Section 37c(3) applies *mutatis mutandis*.

(4) A building etc. that is subject to a decision made according to subsection (3) must afford satisfactory security in respect of fire protection and safety.

(5) Where accommodation facilities or facilities to be used for detention purposes are established according to this present section in a noise affected area, suitable shielding measures must be established as soon as possible.

37g. The Minister for Immigration and Integration may in special situations decide that the police and the Immigration Service may use properties owned by administrative authorities against payment in case it is necessary for the delivery of services according to this Act.

37h. (2) An alien must, unless the alien has been released before then, be brought before the court which must consider the question of the lawfulness of the detention and its continued enforcement as soon as possible and no later than four weeks after detention has been commenced. Where the question of the lawfulness and continuation of the detention has previously been put before the court, the question of the lawfulness of continued detention must be put before the court in accordance with the time limit fixed by the court unless the alien is released before then.

37l. The Minister for Immigration and Integration must in special situations fix a monthly limit to the number of residence permits that may be granted under section 9(1) para. 1), heads c) and d), para. 2) heads c) and d) and para. 3) heads c) and d) and section 9c(1) to family members of aliens living in Denmark with residence permits under section 7 or 8, unless it will with certainty be contrary to Denmark's international obligations. Permission to family reunification for family members of aliens living in Denmark with residence permits under sections 7 and 8 must however, irrespective of the establishment of a limit according to the first sentence above be granted if it follows from Denmark's international obligations. The Immigration Service must assess whether an alien is subject

to the limit. The Immigration Service's assessment and communication of it to the alien is not a decision.

Part 7

- 3) DKK 49.32 for unaccompanied aliens under the age of 18; and
- 4) DKK 49.32 for aliens under the age of 18 who, in cases other than those referred to in para. 1) above, are not considered as belonging to one of his parents' family or both his parents' family, see subsection (3), the seventh and eighth sentences.

(3) An alien who receives the basic allowance, see subsection (1), will receive a dependents supplement if the alien is subject to a duty to maintain a child under the age of 18. The same applies to an alien who does not receive the basic allowance because he is placed at an accommodation facility with a free meals programme as set out in subsection (1), but see subsection (12). Only one dependents supplement per child is payable. No more than two dependents supplements are payable per family. If the alien is subject to a duty of maintenance to more than two children under the age of 18, the alien will receive a reduced dependents supplement per child in excess of two children, but see subsection (12). The third and fourth sentences above apply *mutatis mutandis*. A family is reckoned to include the alien, his spouse or cohabitant and his or his spouse's or cohabitant's children under the age of 18. If a child under the age of 18 does not live together with one of or both its parents, if the child lives in marriage or cohabitation or if the child is itself subject to a duty of maintenance to a child under the age of 18, such a child will be considered as not belonging to one of or both its parents' family.

(4) The dependents supplement per day amounts to DKK 78.09 for aliens who receive the basic allowance, but see subsection (5), and DKK 28.78 for aliens who do not receive the basic allowance because they are placed at an accommodation facility with a free meals programme, but see subsection (5).

(5) If the alien is not registered as an asylum seeker under section 48e(2), the dependents supplement per day amounts to DKK 57.55 for aliens who receive the basic allowance, and DKK 8.23 for aliens who do not receive the basic allowance because they are placed at an accommodation facility with a free meals programme.

(6) The reduced dependents supplement per day amounts to DKK 41.11. The reduced dependents supplement will not be payable to aliens who do not receive the basic

allowance because they are placed at an accommodation facility with a free meals programme.

(7) It is a condition for payment of the dependents supplement and reduced dependents supplement that the child towards whom the alien is subject to a duty of maintenance is considered as belonging to the alien's family, see subsection (3), the seventh and eighth sentences. If the child lives with both parents, the supplement and reduced supplement will be payable to the child's mother. The dependents supplements and reduced dependents supplements are payable every two weeks in advance. The Immigration Service must decide on the basis of the stage reached in the alien's case at a given cut-off date immediately preceding the date of payment whether and at which rate the alien will receive the dependents supplement or reduced dependents supplement, see the first and second sentences above and subsections (3)–(6). The dependents supplement and the reduced dependents supplement will not be adjusted as a result of changes in the stage of the alien's case occurring after the cut-off date. The supplement may, if particular reasons make it appropriate, be paid for shorter periods at a time.

(8) An alien over the age of 18 who receives payment of his expenses for subsistence and necessary healthcare services from the Immigration Service under section 42a(1) or (2) and has complied with his contract, see section 42c, will receive a supplementary allowance under subsection (11), but see subsection (12). The supplementary allowance is payable every two weeks in arrears. The Immigration Service must decide on the basis of the stage reached in the alien's case at a specific cut-off date immediately preceding the date of payment at which rate the alien may receive the supplementary allowance, see subsections (10) and (11). The supplementary allowance will not be adjusted subsequently as a result of changes in the stage reached in the alien's case occurring after the cut-off date. Nor will the supplementary allowance be adjusted as a result of changes in the stage reached in the alien's case occurring in the period used as the basis for the calculation of the supplementary allowance or in the period prior to the cut-off date. If particular reasons make it appropriate, the supplementary allowance may be paid in arrears for shorter periods at a time.

(9) If an unaccompanied alien under the age of 18 or an alien under the age of 18 who is considered not to belong to one of his parents' family or both his parents' family, see subsection (3), the seventh and eighth sentences, receives payment of the expenses for his subsistence and necessary healthcare services from the Immigration Service under section 42a(1) or (2), the alien will receive a supplementary allowance, but see subsection (12). Subsection (8), the second to sixth sentences, must be applied *mutatis mutandis*.

(10) The supplementary allowance per day amounts to DKK 28.78. If the alien is not registered as an asylum seeker under section 48e(2), the supplementary allowance per day amounts to DKK 8.23.

(11) The accommodation operator, see section 42a(5), the second sentence, will pay allowances and supplements, see subsections (1), (3), (8) and (9), but see also subsection (12). The accommodation operator must decide, unless special reasons otherwise require, that the supplementary allowance under subsection (8) will not be payable if the alien has not complied with his contract under section 42c. If an alien has not complied with his contract on one or more days of the period on which the calculation of the supplementary

allowance is based, see subsection (8), the second and sixth sentences, no supplementary allowance will be payable for the number of days where the alien has not complied with his contract, unless special reasons otherwise require. If an alien has complied with his contract for less than half of the period on which the calculation of the supplementary allowance is based, see subsection (8), the second and sixth sentences, no supplementary allowance will be payable unless special reasons otherwise require.

If an alien as referred to in the first sentence above is placed at an accommodation facility, see section 42a(5), without a free meals programme, the alien will receive the basic allowance, see subsections (1) and (2), a dependents supplement, see subsections (3) and (7), and a reduced dependents supplement, see subsections (3), (6) and (7). For aliens covered by the second sentence above, the dependents supplement is DKK 49.32 per day.

(13) An alien who receives payment of the expenses for his subsistence and necessary healthcare services from the Immigration Service under section 42a(1) or (2) may receive benefits in kind, for instance in the form of clothing and personal hygiene kits, if the alien has a special need therefor. The Minister for Immigration and Integration lays down specific rules on the right to and the contents and extent of benefits in kind.

(16) The Immigration Service lays down more detailed rules on deductions, see subsection (14).

accommodation operator must determine the contents. The contract may be revised on a continuous basis.

(3) The contract will specify the scope and contents of –

However, the Court may decide that a case concerning detention under section 36 read with subsection (1) para. 2) will be heard by only one judge. The Minister of Justice or the person so authorised by the Minister may allow persons employed by the Security and Intelligence Service to appear before the court in his place as process agents.

(3) Bringing a case before the court will have suspensory effect when the alien is in Denmark. However, bringing the case before the court will not prevent the commencement and continuation of detention under section 36 read with subsection (1) para. 2), unless so decided by the court.

(4) Sections 37a – 37e must be applied mutatis mutandis to cases concerning detention under section 36 read with subsection (1) para. 2).

(3) The special advocate appointed under subsection (2) must be notified of all court hearings in the case and be entitled to attend them. The special advocate must be informed of and be given a copy of the material of the case before the court. The Minister of Justice or the person so authorised by the Minister may decide, however, that for security reasons a copy will not be given to the special advocate. (2) The court may decide at its own initiative or upon request from the special advocate appointed under section 45e(2) that information relied on by the Minister of Justice in his assessment under section 45b(1) will be passed on to the alien and his counsel if the decision of the Minister of Justice under section 45b(2) is not justified by security reasons. The decision must be made by an order after the special advocate and the person who brought the case before the court under section 45d(2) have had an opportunity to make a statement. The persons referred to in the second sentence above may lodge an appeal against the order. An appeal against a decision to pass on information will have suspensory effect.

(4) For the purpose of court decisions under section 45d(1) paras. 3) – 5), the court must ask the Refugee Appeals Board of a statement after the parties and the special advocate appointed under section 45e(2) have had an opportunity to make statements.

45i. If the Copenhagen City Court's decision under section 45d(1) paras. 3) – 5) is to deny a residence permit under section 7 or section 8(1) or (2) or find that return will not be contrary to section 31, the case will be considered appealed to the High Court unless the alien has waived appeal in writing to the court or at a hearing of the court. An appeal under the first sentence above will have suspensory effect.

45j. The Minister of Justice must retain a number of attorneys eligible for appointment as special advocates under section 45e(2), the second sentence. The Minister of Justice may lay down specific rules concerning such attorneys, including rules on rota schemes, on the remuneration for availability and on security matters.

(10) Cases concerned with refusal of entry or transfer or dismissal according to the rules of Part 5a or 5b must be considered by the chairperson or a deputy chairperson alone. A case under the first sentence above may in highly exceptional cases be referred for consideration according to subsection (6).

(11) Cases in which, upon submission to the Danish Refugee Council, the Immigration Service has not determined according to section 53b(1) that the decision cannot be brought before the Refugee Appeals Board, must be considered by the chairperson or a deputy chairperson alone unless there is reason to assume that the Board will change the decision of the Immigration Service.

(12) Cases in which the requirements for obtaining asylum must be considered manifestly satisfied may be considered by the chairperson or a deputy chairperson alone.

(13) Cases concerned with a decision of the duration of a residence permit for a definite period granted under section 7(1) and (2) and section 8 may be considered by the chairperson or a deputy chairperson alone.

(14) Cases in which a request for the reopening of a decision made by the Refugee Appeals Board has been submitted may be considered by the chairperson or a deputy chairperson alone when there is no reason to assume that the Board will change its decision.

(15) The Ministry of Immigration and Integration must provide secretariat assistance to the Refugee Appeals Board.

(16) The chairperson of the Refugee Appeals Board may, on an ad hoc basis, appoint a former member of the Board to deliberate in a case of which the former member has previously taken part in the consideration. If the member who has previously taken part in the consideration of a case is unable to attend, the chairperson may designate or appoint, on an ad hoc basis, a single member to take the place of the member in question in the continued consideration of the case.

53a.-(1) The Refugee Appeals Board may consider appeals against decisions made by the Immigration Service regarding the following matters, but see section 53b(1) -

- 1) Refusal of entry or transfer or dismissal according to the rules of Part 5a or 5b;

(2) An appeal to the Refugee Appeals Board against a decision of the Immigration Service of refusal of entry or transfer or dismissal according to the rules of Part 5a or 5b submitted to the Immigration Service later than seven days after the alien has received notice of the decision must be dismissed. An appeal to the Refugee Appeals Board against the decision of the Immigration Service concerning the duration of a residence permit for a definite period granted under section 7(1) and (2) and section 8, which is submitted to the Immigration Service later than four weeks after the alien has received notice of the decision must be dismissed. Where the Immigration Service refuses to grant a residence permit under section 7 to an alien who stays in Denmark, where the Immigration Service must make the decision of denying renewal of or revoking a residence permit granted under section 7 or section 8(1) and (2), or where the Immigration Service finds according to section 32b or 49a that return of the alien will not be contrary to section 31, an appeal against the decision will be considered to have been filed to the Refugee Appeals Board. An appeal against a decision as stated in subsection (1) paras. 1) – 6) will have suspensory effect. The fourth sentence will not apply to appeals against decisions of dismissal under the rules of Part 5b or appeals against decisions of termination under section 21b(1) when at the time of the appeal the alien stays abroad.

(3) The decisions of the Immigration Service referred to in subsection (1) must refer to the rules of subsections (1) and (2).

(4) The police may, without the alien's consent, disclose information about an alien's previous convictions, including charges with criminal offences, to the Immigration Service or the Refugee Appeals Board if the alien has applied for a residence permit under section 7 or section 8(1) or (2) or is subject to section 42a(2) read with subsection (3).

53b.-(1) The Immigration Service may upon submission to the Danish Refugee Council, determine that the decision in a case concerning a residence permit under section 7 may not be brought before the Refugee Appeals Board if the application must be considered manifestly unfounded, including if –

- 1) The identity claimed by the applicant is manifestly incorrect;

- 2) The circumstances invoked by the applicant may obviously not lead to the granting of a residence permit under section 7;
- 3) The circumstances invoked by the applicant may obviously not lead to the granting of a residence permit under section 7 according to the practice of the Refugee Appeals Board;
- 4) The circumstances invoked by the applicant are manifestly inconsistent with general background information about the situation in the applicant's country of origin or former country of residence;
- 5) The circumstances invoked by the applicant are manifestly inconsistent with other specific information on the applicant's situation; or
- 6) The circumstances invoked by the applicant must be considered manifestly unreliable, for instance as a consequence of the applicant's changing, contradictory or improbable statements.

(2) The Immigration Service may decide unless substantial considerations otherwise require, that on the same day as the Immigration Service submits a case to the Danish Refugee Council according to subsection (1), the Refugee Council must inform the Immigration Service if the Refugee Council agrees to the assessment made by the Immigration Service finding that the application must be considered manifestly unfounded. The Immigration Service may further decide that the interrogation of the applicant by the Immigration Service and the interview of the applicant by the Refugee Council must take place in premises in close proximity to each other.

(3) The Immigration Service must inform the Refugee Appeals Board about decisions which have not been eligible to be brought before the Board because the Immigration Service has so decided under subsection (1). The Refugee Appeals Board may decide that it must be possible to bring certain categories of cases before the Board.

53c. Before the court makes a decision on an application for a residence permit from or on the return of an alien under section 45d(1) paras. 3) – 5), the Refugee Appeals Board must provide a statement for this purpose on request.

54.-(1) Where a decision is brought before the Refugee Appeals Board, the Immigration Service must transmit the documents of the case file to the Board, accompanied by details of the appealed decision, a brief account of the circumstances relied upon, and the evidence of the case. Otherwise, the Board must itself ensure that all information in the case is available and make directions on the interview of the alien and of witnesses and on the procurement of other evidence.

(2) When the Refugee Appeals Board considers an appeal against a decision made by the Immigration Service concerning an application for a residence permit under section 7, the chairperson of the Refugee Appeals Board or one of the deputy chairpersons may decide that it will not be possible to produce documents or other evidence that could have been produced for the consideration of the case by the Immigration Service. When the Refugee Appeals Board considers an application for the reopening of a decision made by the Board, the chairperson of the Refugee Appeals Board or one of the deputy chairpersons may decide that it will not be possible to produce documents or other

evidence that is covered by the first sentence above or could have been produced for the previous consideration of the case by the Board.

55.-(1) If necessary, the Refugee Appeals Board may appoint counsel to the alien, except where the alien has retained his own counsel.

(2) If it cannot be considered appropriate, taking account of the furtherance of the case, that the counsel whose appointment is requested by the alien takes part in the hearing, the Refugee Appeals Board may refuse to appoint the person in question to serve as counsel for the alien. If the alien requests another counsel appointed instead, the Refugee Appeals Board must appoint the attorney in question unless appointment may be refused under the first sentence above.

(3) The alien and his counsel must be given an opportunity to gain insight into the material on which the Board's consideration will be based and make statements about it.

(4) If the regard for national security or the relations of the State with foreign powers or considerations for a third party will exceptionally so demand, the provision of subsection (3) may be deviated from to the extent required.

(5) Subsection (1) will not be applicable to cases concerned with refusal of entry or transfer or dismissal under the rules of Parts 5a or 5b, unless the case has been referred for consideration according to section 53(6).

56.-(1) The chairperson of the Refugee Appeals Board or the person so authorised by the chairperson will refer a case for consideration under section 53(6) or (8) – (14).

(2) In case the alien or the appointed counsel so requests, the alien has the right to submit his case orally to the Refugee Appeals Board, but see subsections (3) and (4). The Board must decide if the proceedings will otherwise be heard orally, but see subsections (3) and (4).

(3) Cases considered under section 53(8) – (14) must be considered on the basis of written proceedings. The chairperson of the Refugee Appeals Board or the person so authorised by the chairperson may refer a case concerning refusal of entry or transfer or dismissal under the rules of Part 5a or Part 5b which is dealt with according to section 53(6) for oral hearing if special conditions will so require.

(4) The chairperson of the Refugee Appeals Board or the person so authorised by the chairperson may refer a case to be heard according to section 53(6) for consideration on the basis of written proceedings, if –

- 1) The appeal must be considered unfounded;
- 2) A residence permit has been granted under section 7(2), whereas the alien claims to be covered by section 7(1), a residence permit has been granted under section 7(3), whereas the alien claims to be covered by section 7(1) or (2) or a residence permit has been granted under section 8(2) whereas the alien claims to be covered by section 8(1) (change-of-status case);
- 3) The case is concerned with refusal of issuing of a Danish travel document to a refugee or revocation of such a travel document;
- 4) The case is concerned with the granting of a residence permit under section 7 to arriving family members of an alien who has previously been granted a residence permit under section 7 (consequential status case); or
- 5) The conditions otherwise justify the application of this form of proceedings.

(5) Cases that have been referred for consideration on the basis of written proceedings under subsection (4) para. 1) may be referred for oral consideration.

(6) The chairperson of the Refugee Appeals Board or the person so authorised by the chairperson may decide that a case or a specific category of cases to be considered under section 53(6) must be subjected to expedited consideration.

(7) The decisions of the Refugee Appeals Board must be made by a majority of votes. In the event of equality of the votes, the decision most favourable to the alien concerned must prevail. The decision must be accompanied by reasons.

(8) Decisions made by the Refugee Appeals Board are final.

(9) The Refugee Appeals Board must determine its own rules of procedure.

56a.-(1) An unaccompanied alien under the age of 18 who stays in Denmark must unless exceptional reasons otherwise require have a representative appointed to safeguard his interests. Where the unaccompanied alien under the age of 18 has been trafficked, this must be taken into consideration in the appointment of the representative. At the request of the Immigration Service, an organisation approved for this purpose by the Minister for Immigration and Integration must recommend a person for the function as a representative. Upon agreement with the Minister for Immigration and Integration, the organisation may employ persons to be assigned with the functions of a representative. The representative must be appointed by the State Administration.

(2) If a child who is covered by subsection (1) has attained the age of 12, the child must be interviewed about the appointment before a decision of appointment of a representative to safeguard the child's interests according to subsection (1) is made. The interview may be dispensed with, however, if it must be assumed to be harmful to the child or of no importance for the case. If the child is under the age of 12, an interview as mentioned in the first sentence above must be conducted if warranted by the child's maturity and the circumstances of the case.

(3) The State Administration may modify a decision made under subsection (1) if the modification is in the best interests of the child.

(4) Decisions of the State Administration under subsections (1) and (3) may be appealed to the Social Appeals Board. - 3) The child departs from Denmark;

Section 55(2) – (4) applies *mutatis mutandis*. The Minister for Immigration and Integration may lay down more detailed rules on the appointment of counsel by the Immigration Service according to the first sentence above.

(8) The Immigration Service must appoint counsel for a child covered by subsection (1) where the child's application for a residence permit under section 7 has been refused unless the child has itself retained counsel or exceptional reasons require otherwise. This does not apply, however, if the child is covered by section 2(1).

(10) The Immigration Service must if possible initiate a search as mentioned in subsection (9) if the child has been trafficked, unless special reasons require otherwise. The Immigration Service must furthermore, if possible, initiate a search as mentioned in subsection (9) if exceptional reasons otherwise so require.

(11) The search for parents or other family network members, see subsection (10), may be carried out in cooperation with one or more organisations approved for this purpose by the Minister for Immigration and Integration. In connection with the search for the child's parents or other family network, the Immigration Service and the organisations referred to may exchange information on the child's personal circumstances without the consent of the child or its personal representative.

62h. The staff of an accommodation facility, see section 42a(5), may bring back an unaccompanied minor alien who absconds where the alien displays behaviour that involves a risk of injury to the alien himself or to others.

62i.-(1) The head of an accommodation facility, see section 42a(5), or the person so authorised may decide without any court order that a search must be conducted of an unaccompanied minor alien's person or room if there are certain grounds to assume that the alien is in possession of effects and such possession has the consequence that the interests of order or safety cannot be safeguarded.

(2) A decision under subsection (1) may only be made when there is reason to assume that the unaccompanied minor alien's problems cannot be solved while the alien continues to stay at the accommodation facility. The placement does not require consent from the unaccompanied minor alien.

(3) The chairperson or in his absence the deputy chairperson of the Children and Youth Committee may make a preliminary decision concerning placement according to subsection (1) when, taking account of the immediate needs of the unaccompanied minor alien, the placement should not await consideration of the case by the Children and Youth Committee. A preliminary decision made under subsection (1) must as soon as possible and no later than seven days after the commencement of the decision be submitted to the Children and Youth Committee for approval no matter whether the measure has been ended.

(4) Decisions under subsection (1) must be made on the basis of a recommendation from the Local Council concerning placement outside the accommodation facility to be prepared according to the rules of section 62p.

(5) The expenditure required for placement in partly locked residential facilities and partly locked units, secure residential facilities and specially secured units in connection with placement according to subsection (1) of unaccompanied minor aliens must be paid by the Immigration Service. Expenditure required for the consideration of cases under subsection (1) concerning placement of unaccompanied minor aliens must be paid by the Local Council.

(6) Where an unaccompanied minor alien, who is placed outside the accommodation facility under subsection (1), is granted a residence permit the placement decision must remain in force until, according to the rules of the Social Service Act, a decision has been made on whether the placement should be continued or ended. A decision on continuation or ending of a placement implemented according to subsection (1) must be made by the Children and Youth Committee of the local authority to which the alien has been allocated under section 10(1) of the Integration Act and no later than one month after the Local Council has been informed by the Immigration Service that the alien has to be allocated to the local authority. The decision to continue or end the placement implemented under subsection (3) must be made by the Children and Youth Committee of the local authority to which the alien is allocated, see section 10(1) of the Integration Act, no later than seven days after the Local Council has been informed by the Immigration Service that the alien has to be allocated to the local authority.

(7) The Minister for Immigration and Integration may lay down more detailed rules on preliminary decisions according to subsection (3), including rules on written notification of preliminary decisions to the representative set out in section 56a(1) on the duration of the effects of decisions and the powers of the board chief of the Social Appeals Board to make preliminary decisions.

62m.-(1) The Children and Youth Committee may make decisions on placement in partly locked residential facilities and partly locked units, see section 66(1) para. 6) of the Social Service Act when the requirements of subsection (2) are satisfied.

(2) Placement in partly locked residential facilities and partly locked units of residential facilities for children and young persons between 12 and 17 years according to section 66(1) para. 6) of the Social Service Act may solely be ordered when it is imperative for the socio-educational treatment that outer doors and windows can be locked during certain periods or that the unaccompanied minor alien can be restrained physically. There must moreover be an obvious risk that the alien's health or development will suffer serious harm due to –

- 1) Criminal behaviour on the part of the alien;
- 2) The alien's misuse problems; or
- 3) Other behaviour or adjustment problems on the part of the alien.

(3) The Council of the local authority in which the accommodation facility is located must determine the specific framework and terms for detention and restraint in the course of the specific placement at a partly locked residential facility or a partly locked unit of a residential facility as set out in sections 12 and 13 of the Act on Adult Responsibility for Children and Young Persons in Care.

(2) Placement at a secure residential facility for children and young persons between 12 and 17 years of age as set out in section 66(1) para. 6) of the Social Service Act may solely be ordered if there is an obvious risk that the unaccompanied minor alien's health or development will suffer serious harm due to misuse problems, criminal behaviour or other behaviour or adjustment problems on the part of the alien, see section 62m(2) paras. 1) – 3) and when –

- 1) It is absolutely imperative to prevent that the alien harms himself or others and the risk of harm cannot in an appropriate way be averted by other, more lenient measures;
- 2) It is absolutely imperative in an initial observation period to provide a basis on which to carry out further socio-educational treatment; or
- 3) It is established on the basis of the initial observation period under para. 2) that it is absolutely imperative to commence a long-term treatment programme at a secure unit or residential facility.

(3) The Local Council must determine the specific framework and terms to be applied during the placement at a secure residential facility.

(4) The Minister for Immigration and Integration may upon negotiation with the Minister for Children and Social Affairs lay down more detailed rules according to which the Children and Youth Committee may decide to grant exemptions from the age limit of subsection (2) in special situations in relation to aliens below the age of 12 years.

(5) The Minister for Children and Social Affairs may upon negotiation with the Minister for Immigration and Integration lay down more detailed rules on the use of and the conditions at secure residential facilities including rules on the right of the Local Council to define the specific framework and terms of the particular placement.

62o.-(1) The Children and Youth Committee may make decisions on placement at specially secured units in cases where the requirements of subsection (2) are satisfied.

(2) Specially secured units for children and young persons between 12 and 17 years under section 66(1) para. 6) of the Social Service Act may solely be used in the case of unaccompanied minor aliens when –

- 1) There exists a basis for placement in a secure residential facility according to section 62n(2);
- 2) Placement in a secure residential facility is not or will not be sufficient because due to preceding particularly violent or psychologically deviating behaviour, the unaccompanied minor alien has rendered a stay or continued stay at a secure unit or residential facility unsafe; and

3) There exists in relation to the unaccompanied minor alien with psychologically deviant behaviour a written medical assessment indicating that the alien displays current symptoms of a diagnosis.

(3) Where the requirements of subsection (2) are satisfied in the case of an unaccompanied minor alien who has attained the age of 15 years, the head of a secure residential facility or the person he so authorises may make a preliminary decision independently of whether there may be a specially secured unit at the secure residential facility ordering transfer to a specially secured unit. The decision must be submitted immediately to the Children and Youth Committee of the local authority in which the accommodation facility, see section 42a(5), is located for its decision.

(4) The Local Council must determine the specific framework and terms to be applied during the concrete placement at a specially secured unit.

(5) The Minister for Immigration and Integration may upon negotiation with the Minister for Children and Social Affairs lay down more detailed rules on notification of the representative of the unaccompanied minor alien, see section 56a(1).

(6) The Minister for Children and Social Affairs may upon negotiation with the Minister for Immigration and Integration lay down more detailed rules on the use of and the conditions at specially secured units, including rules on the right of the Local Council to determine the specific framework and terms of the particular placement.

- 1) The professional examination, see section 62q, including a description showing that the requirements of section 62l read with sections 62m – 62o are considered satisfied;
- 2) The plan for the placement, see section 62t, including the support and initiatives intended for the unaccompanied minor alien during placement outside the accommodation facility, see section 42a(5); and
- 3) The views of the unaccompanied minor alien concerning the intended placement.

62q.-(1) Where the Immigration Service is made aware that an unaccompanied minor alien who is subject to section 62l(1) has behaviour and adjustment problems of such a nature that the assessment is that the problems cannot be solved by the accommodation operator, the Immigration Service must ask the Local Council of the local authority in which the accommodation facility, see section 42a(5), is located to initiate a professional examination of the alien to assess if the alien may be placed at a facility under section 62l read with sections 62m – 62o. An accommodation operator may upon agreement with the Immigration Service file its own request to the Local Council for initiation of the professional examination.

(2) The professional examination of the unaccompanied minor alien to be carried through under subsection (1) must include an assessment of the alien's development and behaviour.

(3) The examination may include other conditions of importance for the assessment of whether the alien must be placed at a facility under section 6l read with sections 62m – 62o, including schooling, health, leisure and friendship conditions in case the

statement by the accommodation operator under subsection (4) does not include sufficient information about these conditions and the circumstances make it appropriate.

(4) The accommodation operator must provide a statement for the purpose of the examination to be made by the Local Council, which must include details about the conditions referred to in subsections (2) and (3) to the extent they are known to the accommodation operator.

(5) An interview must be conducted with the unaccompanied minor alien as part of the examination. The interview may be omitted in so far as the alien's maturity or the character of the case will decisively make such an interview inappropriate. If the interview cannot be conducted, it must be sought to obtain information about the alien's views. The unaccompanied minor alien's representative, see section 56a(1), must be heard in connection with the examination conducted by the Local Council.

(6) Where it is necessary in order to determine if there is an obvious risk of serious harm to the unaccompanied minor alien's health or development, the Children and Youth Committee may, without any consent from the representative set out in section 56a(1) and the alien who has turned 15 years, decide to carry through the examination during a stay at a residential facility or admission to hospital, including a psychiatric unit. Such an examination must have been concluded within two months from the decision by the Children and Youth Committee.

(7) The examination must be concluded no later than two months after the date when the Immigration Service asked the Local Council to initiate the examination. Where the examination may not be concluded within two months due to exceptional circumstances the Local Council must prepare a preliminary assessment and as soon as possible thereafter conclude the examination.

62r.-(1) A placement according to section 62l read with sections 62m – 62o must be terminated when the purpose has been achieved, when the placement no longer serves its purpose or when the unaccompanied minor alien has turned 18 years.

(2) The decision to terminate a placement under subsection (1) must be made by the Local Council of the local authority in which the accommodation facility, see section 42a(5), is located.

(3) Where the Local Council decides to terminate a placement, see subsections (1) and (2), the Local Council must immediately notify the Children and Youth Committee. If the Local Council is unable to grant a request from the alien or the alien's representative according to section 56a(1) for termination of the placement, the case must be submitted to the Children and Youth Committee for decision.

62s.-(1) The Council of the local authority in which the accommodation facility, see section 42a(5), is located, must make an assessment no later than three months after the placement of the alien has been initiated according to section 62l read with sections 62m – 62o of whether the measure must be varied and if the plan for the measure initiated, see section 62t, needs to be revised. The Local Council must subsequently carry through such an assessment at intervals of no more than three months.

(2) The assessment of a measure according to subsection (1) and of the need to revise the initiated plan must be based on the ongoing supervision of the unaccompanied minor alien, see section 62v, and following contact with the alien's representative, see

section 56a(1). The assessment must include consideration of whether other conditions than those described so far, see section 62t, are relevant and, if so, these must be made part of a revised plan.

62t.-(1) The Council of the local authority in which the accommodation facility, see section 42a(5), is located must before the decision of placement is made, see section 62l read with sections 62m – 62o, draw up a plan for the measures to be initiated during the placement. Where the regard for the unaccompanied alien makes it impossible to await the drafting of a plan, a brief statement of the purpose of the measure is sufficient. In that case, the Local Council is responsible for drawing up a plan according to the first sentence above as soon as possible and no later than within three months for the measures initiated in connection with the placement.

(2) The plan must indicate the purpose of the measure and the effort required to attain the purpose. The starting point for the plan must be the results of the professional examination of the conditions of the unaccompanied minor alien set out in section 62q. In relation to the problems uncovered by the examination, the plan must moreover include specific goals for the unaccompanied minor alien's well-being and development in accordance with the purpose referred to in the first sentence.

(3) The plan must indicate the expected duration of the placement.

(4) The Minister for Immigration and Integration may lay down more detailed rules for the preparation of plans for the measures to be initiated, including plans for unaccompanied minor aliens who have a substance abuse that requires treatment.

62u.-(1) An unaccompanied minor alien has the right to have interaction and contact with network persons, including siblings, grandparents, other relatives, friends, etc. during the placement referred to in section 62l read with sections 62m – 62o.

(2) The Minister for Immigration and Integration may lay down more detailed rules for the implementation of interaction and contact, including rules on the possibility of supervised, limited, or interruption of interaction and contact.

62v. The Council of the local authority in which the accommodation facility as set out in section 42a(5) is located must ensure personalised supervision of unaccompanied minor aliens who have been placed outside their accommodation facility under section 62l read with sections 62m – 62o.
