

# Executive Order on the Issue of Residence and Work Permits for Students

The following is laid down pursuant to section 9c(5), section 12 and section 15(2) of the Aliens Act, cf. Consolidated Act No. 945 of 1 September 2006 as amended by Act No. 89 of 30 January 2007:

## Part 1

### *Education programmes and courses which may form the basis of a residence permit*

1. (1) A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a higher education programme at an educational institution accredited by the public authorities when the education programme has been approved by a national authority and when: -

- (i) participation in the programme has been planned by a ministry or the relevant educational institution; or
- (ii) participation in the programme is part of a study programme of higher education already commenced by the alien in his country of origin or another country in which he resides permanently.

Schedule 1 provides illustrative lists of study programmes of higher education approved by a public authority.

(2) A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a higher education programme which is not approved by a public authority, but provided by an educational institution approved by the national authorities and subject to state supervision, when the Danish Evaluation Institute (Danmarks Evalueringsinstitut) has issued an advisory opinion that the contents of the relevant programme are deemed to have an acceptable quality level; and when: -

- (i) participation in the programme has been planned by the relevant educational institution; or
- (ii) participation in the programme is part of a study programme of higher education already commenced by the alien in his country of origin or another country in which he resides permanently.

2. A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a qualifying course in connection with a higher education programme falling within section 1(1)(i) or section 1(2)(i) hereof when: -

- (i) the qualifying course is specifically attached to the higher education programme;
- (ii) the alien has been enrolled in the higher education programme to which the qualifying course is attached;
- (iii) the educational institution has decided that participation in the qualifying course is a prerequisite for attending the relevant higher education programme; and
- (iv) the duration of the qualifying course is not more than one year.

3. (1) A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a course at a folk high school or the like which is provided by an educational institution approved by the national authorities and subject to state supervision if the principal of the school makes a solemn declaration that the course to be followed by the alien is intended to be held so that government grants would be available for the course pursuant to the Act on Folk

High Schools, Continuation Schools, Schools of Domestic Science and Handicraft Schools (Independent Boarding Schools).

(2) A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a course at a folk high school or the like where the principal of the school does not make a solemn declaration that the course is intended to be held so that government grants would be available, but where the course is provided by an educational institution approved by the public authorities and subject to state supervision, when the Danish Evaluation Institute has issued an advisory opinion that the contents of the relevant programme are deemed to have an acceptable quality level.

(3) The issue of a residence permit under subsections (1) and (2) hereof is conditional upon payment by the alien of the course tuition fee charged by the school.

**4. (1)** A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a youth education programme or primary or lower secondary education when the education programme has been approved by a national authority.

Schedule 2 provides an illustrative list of youth education programmes approved by a national authority. Schedule 3 provides an illustrative list of upper secondary courses approved by a national authority. Schedule 4 provides an illustrative list of primary and lower secondary courses approved by a national authority.

(2) A residence permit under section 9c(1) of the Aliens Act may be issued for the purpose of participation in a youth education programme or a primary or lower secondary course at an educational institution not accredited by the national authorities, but provided by an educational institution approved by the national authorities and subject to state supervision, when the Danish Evaluation Institute has issued an advisory opinion that the contents of the relevant programme are deemed to have an acceptable quality level.

(3) The issue of a residence permit for one year's enrolment in an upper secondary course is subject to the following conditions: -

- (i) The educational stay must be organised by a student exchange organisation;
- (ii) it is a continuation of an educational course already commenced abroad, or
- (iii) the alien expressly applies for permission only to take the first year of the educational programme, and it is proved or otherwise rendered probable that the alien intends to continue his education abroad after his stay in Denmark.

**5. (1)** An alien issued with a residence permit under section 1 of this Order for the purpose of participation in and completion of a higher education programme in Denmark is simultaneously issued with a residence permit for the purpose of a temporary stay for not more than six months under section 9c(1) of the Aliens Act for the purpose of seeking employment in Denmark after completion of the higher education programme, but cf. subsection (2) hereof.

(2) Where a residence permit under section 1 of the Order for the purpose of participation in and completion of a higher education programme in Denmark is issued by a Danish mission abroad, a residence permit under section 9c(1) of the Aliens Act may be issued after the alien's arrival in Denmark for the purpose of a temporary stay for not more than six months to enable the alien to seek employment in Denmark after completion of the higher education programme. Such application must be submitted to the Danish Immigration Service.

## Part 2

### *Other conditions for the issue of residence permits*

**6. (1)** A residence permit under sections 1 to 4 of this Order is subject to the condition that the alien proves that he has been enrolled in the education programme or course for which he has

applied for a residence permit. Unless exceptional reasons make it inappropriate, the Danish Immigration Service shall, before issuing a residence permit under sections 1 to 4 of this Order, request the educational institution to confirm that the alien has been enrolled in the education programme or course for which the alien has applied for a residence permit on the conditions mentioned in the application, including proof of enrolment in the course. Procurement of the information listed in the second sentence hereof is subject to consent from the alien.

(2) A residence permit under sections 1 to 4 under this Order is subject to the condition that the alien is actively studying in connection with the course or education programme forming the basis of the residence permit.

**7. (1)** A residence permit under sections 1 to 5 of this Order is conditional upon the alien's maintenance being ensured through the alien's own means, grants, study loans or the like.

(2) A residence permit under sections 1 to 4 of this Order is conditional upon the alien documenting that his or her maintenance is ensured through the alien's own means, grants, study loans or the like. This does not apply if the alien applies for a residence permit under section 1 of this Order, the alien has paid the tuition fee required for the educational programme, and the tuition fee paid by the alien is at least payment for the first term of the programme.

**8. (1)** A residence permit under sections 1 to 4 of this Order for aliens under the age of 18 is conditional upon the relevant educational institution submitting a declaration stating that it will assist in ensuring for the child a reasonable stay in Denmark for the duration of the permit.

(2) A residence permit under sections 1 to 4 of this Order for aliens under the age of 18 is conditional upon consent to the child's stay in Denmark from the person having custody of the child.

### Part 3

#### *Refusal based on presumption*

**9.** A residence permit under sections 1 to 4 of this Order cannot be issued if there is a certain presumption that the alien does not intend to study in Denmark. In the assessment of this, the following information may be included: -

(i) The alien's educational background and language skills, including whether the alien has the qualifications deemed necessary and usual for completing the educational course forming the basis of the application for a residence permit and otherwise for coping in the Danish society during the intended stay, and whether the intended stay is naturally connected with the alien's current educational background;

(ii) former applications submitted by the alien for a stay in Denmark or the remainder of the Schengen area, including in particular applications for asylum or family reunification with persons living in Denmark; and

(iii) the educational institution at which the alien requests to study, including whether previous residence permits issued to foreign students of the relevant educational institution have given rise to problems because a considerable proportion of the foreign students of the educational institution have disappeared or otherwise abused the residence permit, or the educational institution has recruitment methods and lax admission requirements for foreign students which may attract applicants whose real intention is not to study in Denmark.

#### Part 4

##### *Length of residence permit and its renewal*

**10.** (1) A residence permit under section 1(1)(i) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding the standard period of study for the relevant educational programme.

(2) A residence permit under section 1(1)(ii) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding the standard period of study of that part of the educational programme that the alien is to attend. A residence permit may be issued for not more than two years.

(3) A residence permit under section 1(2)(i) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding the standard period of study for the relevant educational programme. The residence permit may be issued for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

(4) A residence permit under section 1(2)(ii) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding the standard period of study of that part of the educational programme that the alien is to attend. The residence permit may be issued for a period not exceeding two years and not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

(5) A residence permit under section 1(1)(i) of this Order may be extended by a further year if the alien is actively studying and the number of months for which the student has been enrolled in the programme does not exceed the study period prescribed by the rules applicable to the programme by more than one year.

(6) A residence permit under section 1(1)(ii) of this Order may be extended by a further year to not more than two years if the alien is actively studying and the number of months for which the student has been enrolled in the programme does not exceed the study period prescribed by the rules applicable to the programme by more than one year.

(7) A residence permit under section 1(2)(i) of this Order may be extended by a further year if the alien is actively studying and the number of months for which the student has been enrolled in the programme does not exceed the study period prescribed by the rules applicable to the programme by more than one year. The residence permit may be issued for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

(8) A residence permit under section 1(2)(ii) of this Order may be extended by a further year to not more than two years if the alien is actively studying and the number of months for which the student has been enrolled in the programme does not exceed the study period prescribed by the rules applicable to the programme by more than one year. The residence permit may be issued for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

**11.** (1) A residence permit under section 2 of this Order for the purpose of participation in a qualifying course in connection with a higher education programme falling within section 1(1)(i) of this Order is issued for the purpose of a temporary stay for a period not exceeding the duration of the relevant qualifying course.

(2) A residence permit under section 2 of this Order for the purpose of participation in a qualifying course in connection with a higher education programme falling within section 1(2)(i) of this Order is issued for the purpose of a temporary stay for a period not exceeding the duration of the relevant qualifying course and for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute regarding the relevant programme of higher education.

**12. (1)** A residence permit under section 3(1) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding the duration of the relevant course and for not more than 18 months.

(2) A residence permit under section 3(2) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding the duration of the relevant course and for not more than 18 months and for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

**13. (1)** A residence permit under section 4(1) of this Order is issued for the purpose of a temporary stay not exceeding a period of one year.

(2) A residence permit under section 4(2) of this Order is issued for the purpose of a temporary stay in Denmark not exceeding a period of one year and for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

(3) In special cases, a residence permit issued under section 4(1) of this Order may be extended by one further year at the most.

(4) In special cases, a residence permit issued under section 4(2) of this Order may be extended by one further year at the most. The residence permit may be issued for not longer than the validity of the existing advisory opinion of the Danish Evaluation Institute.

#### Part 5

##### *Issue of work permit*

**14. (1)** A work permit is issued to aliens holding a residence permit under section 9c(1) of the Aliens Act and referred to in section 1, section 2 and section 5 of this Order for employment in part-time jobs for up to 15 hours a week. Furthermore a work permit is issued to the aliens referred to in section 1, section 2 and section 5 of this Order, entitling them to full-time employment during the months of June, July and August.

(2) Unless exceptional reasons make it appropriate, the aliens holding a residence permit under section 9c(1) of the Aliens Act that are referred to in sections 3 and 4 of this Order are not eligible for a work permit. This does not apply to EU/EEA nationals and Swiss nationals.

#### Part 6

##### *Entry into force and interim provisions*

**15. (1)** This Order enters into force on 25 July 2007.

(2) This Order does not apply to aliens who have submitted an application for or have been issued with a residence permit as a student before 25 July 2007. To these aliens the rules applicable hitherto apply, cf. in this respect section 54(8) of Executive Order No. 810 of 20 June 2007 on Alien's Access to Denmark and section 58 of Executive Order No. 63 of 22 January 2007.

*Ministry of Refugee, Immigration and Integration Affairs, 4 July 2007*

RIKKE HVILSHØJ

/Frederik Gammeltoft

Schedules 1-4 provide illustrative lists of study programmes of higher education, youth education programmes, upper secondary courses and primary and lower secondary courses approved by a public authority. The lists are not exhaustive. Accordingly, there may be educational programmes approved by a public authority which are not (yet) listed in the Schedules. Therefore, an educational programme not listed in the Schedules may form the basis of a residence permit.

It should be noted that one of the conditions of a residence permit is satisfaction of the conditions set out in this Order. The fact that an educational programme is listed in the Schedules does not automatically imply that enrolment in the programme will form the basis of a residence permit.

It should also be noted that the Schedules will be updated and adjusted regularly.

The lists are available at [www.nyidanmark.dk](http://www.nyidanmark.dk).

## Schedule 1

### Illustrative lists of study programmes of higher education approved by a public authority

The following study programmes of higher education offered at a university have been approved by a public authority:

Main fields	Bachelor courses at the University of Copenhagen
Humanities	Arabic
	Audiologopaedia
	Balkan Studies
	Danish
	English Studies
	Eskimology
	European Ethnology
	Film and Media Studies
	Philosophy
	Finnish
	Prehistoric Archaeology
	French Studies
	Classical Greek
	Modern Greek/ Greek Studies
	Hebrew Studies
	History
	Native American Languages and Cultures
	Indian Studies
	Indo-European Studies
	Indonesian Studies
Italian Studies	
Japanese Studies	
Chinese Studies	

	Italic/Roman Archaeology
	Korean Studies
	Art History
	Latin
	Comparative Literature
	Musicology
	Dutch Studies
	Assyriology/Eastern Archaeology/East Asian Studies
	Persian Studies
	Polish Studies
	Portuguese Studies
	Education
	Comparative Religion
	Rhetoric
	Russian Studies
	Spanish Studies
	Psychology of Language
	Theatre Research
	Thai Studies
	Tibetology
	Turkish Studies
	German Studies
<b>Theology</b>	Theology
<b>Social Sciences</b>	Anthropology
	Law
	Psychology
	Sociology
	Political Science
	Economics
<b>Natural and Life Sciences</b>	Biochemistry
	Biology
	Biology – Biotechnology
	Computer Science
	Physics, Astronomy, Biophysics, Geophysics, Meteorology
	Chemistry, Environmental Chemistry
	Actuarial Mathematics
	Food Science
	Geography & Geoinformatics
	Geology-Geoscience
	Horticulture
	Physical Education
	Agricultural Economics

	Landscape Architecture
	Mathematics, Statistics
	Mathematics-Economics
	Molecular Biomedicine
	Nanotechnology
	Natural Resources
	Veterinary Medicine
<b>Health Sciences</b>	Pharmacy
	Public Health
	Medicine
	Science in Dentistry

<b>Main fields</b>	<b>Master courses at the University of Copenhagen</b>
<b>Humanities</b>	Arabic
	Prehistoric Archaeology
	Itallic/Roman Archaeology
	Eastern Archaeology
	Assyriology
	Audiologopaedia
	Balkan Studies
	Bulgarian Studies
	Danish
	English Studies
	Eskimology
	European Ethnology
	Film Studies
	Philosophicy
	Finnish
	French Studies
	Hebrew Studies
	History
	Native American Langages and Cultures
	Indo-European Studies
	Indian Studies
	Indonesian Studies
	Islamic Studies
	Italian Studies
	IT and Cognition Studies
	Japanese Studies
	Chinese Studies
	Classical Greek
	Korean Studies
	History of Christianity
	Art History
Latin	

	Linguistics
	Comparative Literature
	Media Studies
	Middel East Studies, specializing in Language and Culture
	Modern Greek/ Greek Studies
	Modern Culture and Cultural Communication
	Musicology
	Dutch Studies
	Persian
	Polish Studies
	Portuguese Studies
	Education
	History of Religions
	Sociology of Religion
	Rhetoric
	Russian Studies
	Spanish Studies
	Psychology of Language
	Theatre Research
	Thai Studies
	Tibetology
	Turkish Studies
	German Studies
	Ancient History of West-Asia
	Visual Culture
	Egyptology
<b>Theology</b>	African Studies
	Theology
<b>Social Sciences</b>	Anthropology
	Law
	Psychology
	Political Science
	Sociology
	Economics
<b>Natural and Life Sciences</b>	Agricultural Development
	Agriculture
	Astronomy
	Biophysics
	Bioinformatics
	Biochemistry
	Biology
	Biology – Biotechnology
	Computer Science
	Environmental Chemistry
	Environmental and Natural Ressource Economics
	E-science (from autumn 2007)

	Food Science and Technology (+ additional titles: Meat Science and Technology, Dairy Engineer)
	Insurance Science
	Physics
	Geophysics
	Geography & Geoinformatics
	Geology-geoscience
	Horticultural Sciences in Horticulture
	Human Nutrition
	Human Biology
	Physical Education, Human Physiology
	Physical Education, Humanities and Sociology of Sport
	Agricultural Economics
	Chemistry
	Clinical Nutrition
	Landscape Architecture
	Landscape Management
	Mathematics
	Mathematics-Economics
	Environmental Chemistry
	Molecular Biomedicine
	Nanotechnology
	Parasitology
	Process Analytical Technology
	Forestry
	Statistics
	Health Informatics
	Veterinary Medicine (DVM)
<b>Health Sciences</b>	Pharmaceutical Sciences
	Pharmacy
	Public Health
	Pharmaceutical Sciences
	Medicine
	Dentistry
	Health Science
	Supplementary study programme for admission to the Master of Health Science course

<b>Main fields</b>	<b>Post-graduate courses at the University of Copenhagen</b>
<b>Humanities</b>	Cross Media Communication
	Educational and Professional Development
<b>Social Sciences</b>	Anthropology of Welfare
	Mediation and Conflict Resolution
<b>Natural and Life Sciences</b>	Food Quality and Safety
	Sport, Physical Activity and Welfare
	Integrated Planning

	Laboratory Animal Science
	Rural Development and Countryside Management
<b>Health Sciences</b>	Industrial Drug Development
	International Health
	Master of Drug Management
	Public Health
	Anthropology of Health

<b>Main fields</b>	<b>Bachelor courses at the University of Aarhus</b>
<b>Humanities</b>	Arabic
	Brazilian Studies
	Digital Design – information technology, aesthetics and interaction
	Dramaturgy
	English
	Anthropology and Ethnography

Merit Teacher education	All courses are offered by the colleges of education (lærerseminarier)
Training as Practice Tutor for BAs in Social Work	Den Sociale Højskole i Aarhus CVU Esbjerg - Den Sociale Højskole i Esbjerg Den Sociale Højskole i København Den Sociale Højskole i Odense Aalborg Universitet
Certified Community Interpreter	CBS, Handelshøjskolen i København
Training as Adult Teacher of Danish as a Second Language	Københavns Universitet Danmarks Pædagogiske Universitet (DPU) i København og Århus.
Training as Education and Vocational Counsellor	CVU Storkøbenhavn CVU Sjælland CVU Fyn CVU Vest

	CVU Midt Vest JCVU, Sometimes these institutions offer the course in collaboration with another educational institution
--	---

Schedules 1-4 provide illustrative lists of study programmes of higher education, youth education programmes, upper secondary courses and primary and lower secondary courses approved by a public authority. The lists are not exhaustive. Accordingly, there may be educational programmes approved by a public authority which are not (yet) listed in the Schedules. Therefore, an educational programme not listed in the Schedules may form the basis of a residence permit.

It should be noted that one of the conditions of a residence permit is satisfaction of the conditions set out in this Order. This applies, *inter alia*, to section 13 of the Order according to which a residence permit under section 4(1) and (2) regarding youth education programmes and primary and lower secondary education are normally issued for not more than one year. This means that a residence permit will normally only be issued in connection with the educational programmes listed in Schedule 2 if the standard period of study of the relevant programme does not exceed one year. The fact that an educational programme is listed in the Schedules does not automatically imply that enrolment in the programme will form the basis of a residence permit.

It should also be noted that the Schedules will be updated and adjusted regularly.

The lists are available at [www.nyidanmark.dk](http://www.nyidanmark.dk).

## Schedule 2

### Illustrative lists of youth education programmes approved by a public authority

The following youth education programmes have been approved by a public authority:

Study programme	Educational institutions offering the study programme
Aluminium Operative	EUC Sjælland, Køge Afdeling EUC Sjælland, Næstved EUC Syd Odense Tekniske Skole Svendborg Erhvervsskole Vitus Bering Danmark Aalborg Tekniske Skole
Landscape gardener	AMU Nordjylland CEUS Næsgaard Dalum UddannelsesCenter Dansk Center for Jordbrugsuddannelse Roskilde Tekniske Skole Selandia - CEU
Civil construction worker	AMU Nordjylland CEUS EUC Midt

	<p>EUC Nordvestsjælland  EUC Sjælland, Næstved  EUC Syd  EUC Vest  Københavns Tekniske Skole  Odense Tekniske Skole  Uddannelsescenter Herning  Vitus Bering Danmark  Aarhus tekniske Skole</p>
Automation technician, Electro-mecanical technician	<p>Bornholms Erhvervsskole  CEUS  EUC Midt  EUC Syd  Svendborg Erhvervsskole  TEC Ballerup  Vejle Tekniske Skole</p>
Baker, cake and pastry baker	<p>Bornholms Erhvervsskole  Dalum UddannelsesCenter  Erhvervsskolen Hamlet  EUC Ringsted  EUC Syd  Holstebro Tekniske Skole  Svendborg Erhvervsskole  Vejle Tekniske Skole  Aalborg Tekniske Skole</p>
Tailer	<p>CPH WEST - Uddannelsescenter København Vest  EUC Syd  TEKO</p>
Farrier	<p>TEC Ballerup</p>
Automobile upholstrer, curtain maker and fitter	<p>Skive Tekniske Skole</p>
Bus and coach driver	<p>AMU Nordjylland  AMU-Djursland  AMU-Vest  CEUS  EUC Lillebælt  EUC Lolland  EUC Sjælland  EUC Syd  Holstebro Tekniske Skole  Odense Tekniske Skole  Randers Tekniske Skole  Selandia - CEU  TEC Hvidovre  Uddannelsescenter for Kollektiv Trafik  Vitus Bering Danmark  Aarhus tekniske Skole</p>
Wall, ceiling and unit installer	<p>Bornholms Erhvervsskole  CEU Kolding Center for Erhverv og Uddannelse  CEUS  Erhvervsskolen Hamlet  EUC Midt  EUC NORD  EUC Nordvest  EUC Nordvestsjælland  EUC Sjælland, Næstved  EUC Syd</p>

	<p>EUC Vest          Holstebro Tekniske Skole          Københavns Tekniske Skole          Odense Tekniske Skole          Roskilde Tekniske Skole          Selandia - CEU          Skive Tekniske Skole          Svendborg Erhvervsskole          Uddannelsescenter Herning          Vejle Tekniske Skole          Vitus Bering Danmark          Aalborg Tekniske Skole          Aarhus tekniske Skole</p>
Painter and decorator	<p>Erhvervsskolen Hamlet          EUC Nord          EUC Nordvestsjælland          EUC Sjælland, Næstved          EUC Syd          EUC Vest          Holstebro Tekniske Skole          Odense Tekniske Skole          Randers Tekniske Skole          Selandia - CEU          Silkeborg Tekniske Skole          Svendborg Erhvervsskole          TEC Gladsaxe          Vejle Tekniske Skole          Vitus Bering Danmark          Aalborg Tekniske Skole          Aarhus tekniske Skole</p>
Boat maintenance	<p>Erhvervsskolen Hamlet</p>
Heavy goods vehicle driver, crane operator, refuse collection driver	<p>AMU Nordjylland          CEUS          Erhvervsskolen Hamlet          EUC Lillebælt          EUC Syd          EUC Vest          Holstebro Tekniske Skole          Odense Tekniske Skole          Randers Tekniske Skole          Selandia - CEU          TEC Hvidovre          Vitus Bering Danmark          Aarhus tekniske Skole</p>
CNC turner, CNC miller	<p>Bornholms Erhvervsskole          EUC Lolland          EUC Midt          EUC NORD          EUC Nordvest          EUC Sjælland, Næstved          EUC Syd          Holstebro Tekniske Skole          Københavns Tekniske Skole          Odense Tekniske Skole          Randers Tekniske Skole          Roskilde Tekniske Skole          Selandia - CEU</p>

	<p>Svendborg Erhvervsskole  Uddannelsescenter Herning, Tekniske erhvervsudd.  Vejle Tekniske Skole  Vitus Bering Danmark  Aalborg Tekniske Skole  Aarhus tekniske Skole</p>
Bicykle, moped and motorcykle mechanic	<p>CEUS  TEC Lyngby  Uddannelsescenter Herning</p>
Data technician, office machine technician, telecommunication, IT-support	<p>Bornholms Erhvervsskole  CEUS, Industri- og Håndværkerskolen  EUC Midt  EUC Ringsted - TS  EUC Syd  Odense Tekniske Skole  TEC Ballerup  Vejle Tekniske Skole  Aalborg Tekniske Skole  Aarhus tekniske Skole</p>

Schedules 1-4 provide illustrative lists of study programmes of higher education, youth education programmes, upper secondary courses and primary and lower secondary courses approved by a public authority. The lists are not exhaustive. Accordingly, there may be educational programmes approved by a public authority which are not (yet) listed in the Schedules. Therefore, an educational programme not listed in the Schedules may form the basis of a residence permit.

It should be noted that one of the conditions of a residence permit is satisfaction of the conditions set out in this Order. The fact that an educational programme is listed in the Schedules does not automatically imply that enrolment in the programme will form the basis of a residence permit.

It should also be noted that the Schedules will be updated and adjusted regularly.

The lists are available at [www.nyidanmark.dk](http://www.nyidanmark.dk).

### Schedule 3

#### Illustrative list of upper secondary courses approved by a public authority

The following upper secondary courses have been approved by a public authority:

Study programme	Educational institutions offering the study programme
